

Fig. 3

Figure 3 shows the C.L./G. Perfin used in Göteborg, Sweden, by Carl Lassen from 1887 to 1891.

Bergman states that his article on Perpins on cinderella stamps of Scandinavia has prompted another article based on what one of his readers found in his own collection. This article will appear in Luren (Scandinavian Collectors Club, Chapter 17, Los Angeles) and probably also in Posthorn (Scandinavian Collectors Club), American Revenuer, and Cinderella Philatelist, PHT.

Bergman adds that the next number of Baltespannaren will contain his second additions and corrections to his original article on cinderella Perfins.
