

PERFINS OF THOMAS COOK & SONS LIMITED

By Miss M.E. Thornton

Following the two pages on Thomas Cook & Sons Limited in No. 151, May/June 1974 issue, I received letters from Messrs E. Eades, J.E. Enschede, A. Jorgensen, C.P. Pearce, J.L. Purcell, E. Ordang, P. Stockton and Dr O. Wouters. The information they gave is included in the following lists.

It was hoped that the firm of Thomas Cook could give some details about the use of their perfins, and publication of these notes has been held up while enquiries were made, but so far there have been no results.

Mr Eades pointed out that there are at least three
settings of this die and I have used his descript-
ions in making the following lists.
Mr Enschede gave valuable help by kindly sending a
collection of these perfins for me to see.

- A. Base of 'T' to the left of the top hole of the '&' seen
from the front of the stamp.

T.C./A1

Cat No.110.2 TC/&S 6,7/12,9 K.G.V. (1934-36) 4d, 5d.
 K.G VI Dark Colours ½d, 1½d,
 2d, 2½d, 3d, 5d.
 Mr Eades reports the bottom hole of the 'T' as
 missing on his copies of the 2d and 5d.
 K.E.VIII 1½d
 TC/S 10,10/11 5½ K.G.V. (Block) ½d
 K.G.V. (1934-36) 2½d
 TC/S 10,10/9 5½ K.G.V. (1934-36) ½d, 1½d, 2d,
 2½d.
 K.E.VIII. ½d, 1d.
 K.G.VI. Dk. Cols, ½d, 1d, 1½d,
 2½d.
 K.G.VI. Lt. Cols. 2½d.

Mr Enschede says that the last two 2½d stamps were
 used in Stamp Affixing machines.

The Van Lint illustrations show the TC/S with
 10,10/11 holes and I presumed that my examples
 (9 hole S) were indistinct and that two pins in
 the 'S' did not show. However, Mr Enschede lists
 examples both with an 11 pin and a 9 pin 'S'. Mr
 Purcell has the 1½d with 9 holes, and Mr Eades
 has several examples with 9 holes. It is possible
 that two pins broke off the original die.

Cat No.76.1 TC 6,7 4½ Mr Jorgensen's list is as follows;
 K.G,VI. (1937-47) 2½d, 4d.
 (1941-42) 2½d
 Q.E.II. (1952-54) 2d,4d.
 (1955-58) 3d.
 (1958-65) 2½d, 3d.
 (1967-69) 1d, 3d, 4d, 5d, 6d.
 (1971-72) 2½d.

NOTE. This TC perfin has also been used by other
 concerns such as the Torquay Corporation
 and the Borough of Taunton.
