Auctioneer's Comments

I am sorry for the delay in advising members of the results of the 10th auction but this has been unavoidable. Nevertheless, it is hoped that buyers and sellers were satisfied with the results. For those members who were unlucky not to get the items they wanted I can only offer the same advice again - bid early - do not leave it until the closing date. Several lots were keenly sought after, and higher prices are now being paid for the earlier Queen Victoria items. It is proposed to hold the 11th

auction towards the end of the year. Once again only undamaged items (except line engraved issues) will be accepted, individual stamps being preferred to mixed lots.

CHRIS CARR'S CHAT

Stampex 1970

Having had the opportunity to attend all day and every day by working for one of the stand holders I was fortunate to meet several members. I was not able to buy any perfins, although one dealer had a quantity of underprints and overprints. Unfortunately they were all damaged, mainly by being trimmed on one or more sides, and preferring only perfect stamps no purchases were made.

Philypia 1970

I hope to be there each evening on the stand of Vera Trinder Ltd., so if you are in town please come and speak.

Autumn Meeting

Several members have signified their willingness to attend but please show some enthusiasm - I should not have to write to members to ask them to attend.

Local Society Competitions

Have you won a "pot" recently? I do not seem to have seen any reports but I do know, and I am pleased to announce, that Mr G. Richardson of Bexleyheath was awarded the Clarke Cup in April at the annual competition of the Bexley Philatelic Society for an entry of underprints, overprints and perfins. The competition is open to all aspects of philately.

THIS ISSUE

We shall be a little late with this issue partly due to the Spring Holiday and partly due to the fine weather which has kept us out of doors. It should be in the post by the end of the first week in June.

Miss Thornton has not yet completed compilation of the next stage of the Officials Catalogue, so we are unable to include any pages this month. She hopes to have some ready for our next issue.

This issue consists of two pages of general interest, pages U1 & U2 of the Identities Cat., and pages 86 & 87 of the Simplified Catalogue. We should like to mention our appreciation of the work of Basil Tomkins, who despite having had two spells in hospital during the last few months, the latest spell resulting in an operation, has kept us supplied with catalogue material.

STOP PRESS : John Nelson tells us that he has some of his hand-books still available at 7/6d + postage (6d in U.K.)
