NEW MEMBERS

We have pleasure in reporting that two more perfin collectors have joined our ranks in recent weeks, and we welcome as new members of our Society:

Mr R.E. Wornum

Mr L. Bergman

RESIGNATION

Mr J.G. Wright

CLOSED ALBUM

Shortly after Christmas we learned that Jim Lambert, one of our long standing members from the United States has closed his album for the last time. A letter of condolence on behalf of all members has been sent to his widow.

CHANGE OF ADDRESS

Ken Clark tells us that he has now moved

ILLUSTRATED CATALOGUE OF G.B.

We have had the following progress report from Basil Tomkins who has kept in contact with Mr Mc Kee the American Perfins Club member working on the project.

1. It is hoped that the first pages will be ready for publication in March.

2. Worksheets for D, E, F & M have been received by Basil and he is arranging for photocopies to be made. Will members who think that they are able to help write to Basil so that he can send the copies for checking? Anyone who has perfins not already on the Worksheets should then contact Basil again and arrange with him to make photo prints for inclusion in the catalogue.

AMERICAN PHILATELIC SOCIETY

Bob Urdang has ask us give a mention to the American Philatelic Society. Anyone interested in joining or receiving further detail should write to Bob

INDIAN PERFINS

The 1974 Stamp_Digest Annual contains an article on Indian perfins which lists all the perfins seen by the author, some 160 odd, and gives the 26 identities known to him.

We hope to get permission to publish this article in full, in our own bulletin, but in the meantime the Editor of Stamp Digest would like to get in touch with anyone collecting perfins of India. The Editor is. BIBHASH GUPTA, Stamp Digest, 5/B, Olai Chandi

Road, Calcutta-700 037, India.

MATERIAL WANTED

We are always short of small items to add interest to the bulletin. Let us have your snippets of perfin news, comments, suggestions, or anything of the like for publication.

Also, continue sending your 'new' identities to Basil Tomkins, but please, no wild guesses.

Brian Birch is always in need of more material to keep the Exchange Packet going. Mount your duplicates in the standard size booklets (Brian can supply them), price them, send them to Brian and he will do the rest.

CONTENTS

Contents of this issue are as follows,

Two pages of general interest - 2 sheets. New Identities - 1 sheet. Commemorative Perfins by Miss M.E. Thornton. - 1 sheet Pages 11 & 12 of Railway Perfins - 2 sheets. Pages G6 & H1 to H5 of Identities Catalogue - 6 sheets. Full Name Worksheet (25 to 29) - 1 sheet (No. 6). Shipping Companies Worksheet No.4 - 1 sheet.

COMMEMORATIVE PERFINS Miss M.E. Thornton.

EXPOSITION INTERNATIONALE DE LA POSTE AERIENNE, PARIS 30

This Exhibition was held at the Grand Palais, from November 6th to 20th 1930.

The organisers asked for a special stamp for the occasion. The request was granted, and they were allowed to use a stamp which had been issued earlier in the year, on June 8th, but in a different colour. This stamp was the first that France had issued specially for airmail use (S.G. 483). It was designed by Albert Laurens and engraved by Abel Mignon, the colour being lake and the value 1F 50 (50c for a letter of lOgm. and 1F airmail fee). The stamp was issued at the time of the Aviation Meeting at Vincennes.

The stamp for the Paris Exhibition was the same value, but was printed in blue. It was first sold exclusively at the Exhibition for 6F 50, which included the entrance fee. On November 11th it was decided to perforate the stamps with "E.I.P.A.30", this procedure being authorised by the French President, Gaston Doumergue. It appears that the stamps were folded and perforated in sets of four, and so they are to be found normal, inverted, reversed and inverted reversed.

Later, a great many more of the blue stamps were printed up to April 1932, and so the perforation distinguishes those actually sold at the Exhibition, and they are now expensive items. In a 1959 Yvert catalogue the stamp with perforation was priced at 5500 old francs. In a more recent Auction Sale catalogue in G.B. the estimated price was given as £30.

It is said that 125 of the 1F 50 lake stamps were also perforated, though it is doubtful if they were allowed to circulate.

A note in Stanley Gibbons Part One, says: "No. 484 (the blue stamp) was originally sold exclusively at the international Aero-Philatelic Exhibition, Paris, at 6F 50 including the entrance fee, but it was reissued at face value in 1931" No mention is made of the perforation on the stamp.

Yvert catalogue says: "Le No. 6a (outremer) fut émis a l'occasion cue l'Exposition internationale de la Poste Aérienne, à Paris; pendant la durée de celle-ci un certain nombre d'examplaires ont été perforés comme ci-dessous." An illustration of the perfin is given.

> In writing these notes reference has been made to the interesting article by R. Marsh-Feiley, "A Few French Airmail Curiosities" published in "Stamp Collecting" January 13th 1972.
