NEW MEMBERS

Three more members have joined our ranks and we are pleased to welcome them into the Society. They are,

Mr J. Ramsdale
Dr B. Stanley
Dr. O.J. Wouters

ADDRESS CHANGE

Mr. Burgess

RESIGNATION

Mr I. Rutherford of Australia has resigned from the Society.

PERFIN OFFER

Dr Harvey Tilles
tells us that he has several hundred thousand of G.B. perfins for sale. He is offering mixtures of all reigns at £20.00 sterling per 10,000 lot, post paid via surface mail.

He does not mention smaller lots but no doubt he would be prepared to negotiate if anyone is interest in smaller batches. However, write to him first.

SWEDISH COMMEMORATIVE PERFIN

Member Leif Bergman sends us some very interesting notes on the TRBG 70 perfin reported by Jack Brandt and we are publishing them in this issue.

Leif also tells us that he writes about perfins in every number of BALESPANNAREN, a magazine for collectors of Cinderella material in Swedish text. They have had listings on Danish, Norwegian and Swedish perfins. In the next issue he hopes to publish a list of Scandinavian perfins on cinderella material, Revenues, locals, Christmas seals, Railway stamps, Postal stationery etc.

Anyone interested in back numbers of the magazine or membership can contact Lief but please enclose an International Reply Coupon to cover postage on the reply. Also, please do not ask for an example of the TRBG 70 perfin, he does not have any spares.

PERFIN LICENCE

A recent issue of the American Perfins Club bulletin showed a rear end view of Bob Urdangs car. Apparently, California where Bob lives, has a special licence plate law which allows one to choose ones own Registration letters etc. Bob's shows the word "PERFIN". A novel way to proclaim ones interests!

SUBSCRIPTIONS Editorial Comment

Subscription time will be with us shortly and if your's is due, then we would ask you to send it promptly. Last year it took months to get all the subscriptions in because we did not want to drop people whom we thought did not want to fall out. This entailed a lot of extra work in holding bulletins pending renewal and sending individual reminders.

We appreciate that it has become fashionable nowadays not to settle bills until threatened with legal action but please do not carry this fashion over to club subscriptions. Remember any individual reminder you get has reduced the effectiveness of your subscription by 3% to 4% on postage alone, apart from the extra work it places on the harrassed and unpaid Treasurer.

Let Richard Husband have your subscription NOW!!

THIS ISSUE

We should get this issue in the post about mid August, a little later than intended but holidays seemed to have crept up unawares and delayed publication.

Contents are,

Two pages of general interest - 2 sheets.

Two pages of new identities - 2 sheets.

Full name worksheet No. 9 - 1 sheet.

Work sheet - Railways - 1 sheet.

* Pages 1 & 2 of Hungarian Officials - 2 sheets.

Pages 18 & 19 of the Railway listing - 2 sheets.

Swedish Commemorative perfin - 1 sheet.

Pages J1, J2, J3, J4 of the Identities Cat. - 4 sheets.

* There are two more pages to come to complete this revised listing and we hope to publish these in our next issue. The text has been kept within the old quarto size of page so that it can be added to the Officials Catalogue fairly neatly by cutting off the surplus paper.

Stamps Reported: Other details:

METROPOLITAN DISTRICT RAILWAY COMPANY

U.D 10,11 5
Stamps Reported: This identity is given in our catalogue. Does anyone have proof or could it be another of the early Cataloguer's guesses?

GREAT EASTERN RAILWAY

Die 8 Mr Pearce has four copies all with dates in 1906 which have a pin missing. At least it is assumed that a pin is missing from the bar of the 'G'.
Does anyone have blocks or pairs of Die 8 which show the perfin with and without this missing pin?

Name

OFFICIALS - HUNGARY

By Brian Birch.

Wishing to check my Hungarian perfins recently, I turned to page 43a of the S.E.P.S. Officials Catalogue where there is a useful checklist of the three-hole perfins prepared by Mr Welch. Whilst checking my stamps against this list and Gibbons 1971 Austria-Hungary sectional, I was annoyed to find that many of the S.G. numbers quoted by Mr Welch from the 1968 Gibbons have been changed, and do not correspond to the current listing. I have decided to update Mr Welch's list incorporating the information from the Gibbons sectional (which incidentally, includes many more three hole perfins than the 1968 edition) and also from "Hungarian Stamp Centenary Catalogue 1871-1971", published Philatelica Hungarica, but numbered according to Scott and Gibbons catalogues.

First of all the purpose of the perforations. A footnote in Gibbons after S.G. 263 says : "three-hole triangular perforations, From 26th February 1921 to 1st October 1924, the two central rows of the sheet of certain postage, postage due, and official stamps were perforated through the stamps with three holes arranged in a triangle in order to defeat, speculation. These stamps are indicated with an asterisk and are worth about three times the prices quoted for the normals".

- This last note is of little help since all of the stamps marked with an asterisk have the minimum value of 5p except numbers D93 (8p), D94 (8p), D95 (8p) and D96 (10p). -

The Hungarian stamp catalogue in its note after No. 263 (S.G.) states:

"During 1921-24 various stamps then current were punched with three holes forming a triangle. These were sold at post offices and collectors and dealers who wanted them unpunched would have to purchase them through the philatelic agency at a 10% advance over the face value".

- A word for word copy of the note in Scott's "Standard Postage Stamp Catalogue 1971. -

The following listing comprises all those stamps marked in Gibbons 1971 as existing with the triangular perforation listed by catalogue number. The numerals in the columns following the entries indicate.: those recorded in other publications as follows,

Mr Welch's Collection	(1)
S.G. Part 11 1968	(2)
S.E.P.S. Officials Cat. p42-43	(3)
Hungarian Centenary Catalogue	(4)

The final column lists a comparative valuation of the perfins estimated from the Hungarian Catalogue which prices the perfins. Each point in this column is approximately ½p sterling.

(F) = Forgeries exist.

Die 8a L B 6,12 5½mm The small number of this variety reported and the dates which occur after the latest reported date for die 8, tend to confirm that it is Die 8 in later life when the pin above the 'C' became broken.

Stamps Reported

K.E.V11 ½d

Postmarks: Havant, Heathfield,
Uckfield, Portsmouth.

Earliest date: 7th June 1905

Latest date: 12th January 1906

Die 9 L.B 7,14
 S.C 11,8 5½mm

Stamps Reported

K.E.V11 ½d, 1d

Postmarks: Rudgwick, Emsworth.

Dates reported: 2nd June 1906, 12th June 190?

Die 9a L B 7,14 5½mm Again, it appears that we have another die which quickly lost the pins forming the stops between thee letters. No dates earlier than October 1906 and fairly accurate matching of the letters point to this being a later version of Die 9.

Stamps Reported

K.E.V11 ½d, 1d

K.G.V (Lion) ½d, 1d.

(1912-22) ½d, 1d

Postmarks: Bognor, Burgess Hill,
Forest. Hill, Hassocks,
Hastings, Hurley,
London, Portsmouth, Hailsham.

Earliest date: 25th October 1906

Latest date: 6th January 1915

B R 14,12 6mm Reported by Mr Mackie on K.G.V ½d dated 3rd May 1920 on a picture postcard from the Lost Luggage Department, London Bridge. The stamp, however is not postally tied the card and cannot, therefore, be taken as proof of identity. Other members reported having copies of this perfin with postmarks in the 1920's and from towns which the Railway passed through, but it must remain unproven at this time.

7&8/74

THE ONLY SWEDISH COMMEMORATIVE PERFIN

By Leif Bergman

Instead of a vignette which is commonly issued at stamp exhibitions in Sweden a special perfin was in use at the national stamp exhibition TRELLEBORG 70. This exhibition, organised by TRELLEBORGS FILATELIST SALLSKAP, was held in Trelleborg, a town in southern Sweden, on 15th - 19th May 1970.

At many stamp exhibitions vignettes had been made by overprinting the 1911/1919 set (small coat of arms with watermark wavy lines). The reason for this was that the stamps were still for sale at the Post Office Section for Philately (PFA) at face value, which was very low, only, 1, 2, 3 and 4 ore. The 1 ore was not particularly good for this purpose because of its black colour.

At the time of this exhibition only the 3 ore was not sold out and horizontal pairs were perforated TRGB 70. They were sold at the Exhibition affixed to an envelope with a black background beneath the stamp to make the perfin visible. An inscription above the stamps read, "SKYDIDSPERPORERING DET NYA SAMLAROMRADET" which means "Perfins the new collecting field". To cover postage an unperfinned stamp was also fixed. Different special cancellations were in use during the Exhibition.

For the first but not last time a perfin collection was shown in Sweden. It received no award but was congratulated by the jury.

After the Exhibition mint perfin pairs were sold in lots of 10. It was stated that eight different positions were possible to exist although only four could exist.

A "rarity" was also made, the 35 ore Changeover to Right-hand Traffic stamp of 1967 was perfinned and used on 13 envelopes. DDR stamps were also perfinned for use on banquet cards. The banquet was held on the ferry M/S SKANE which travels between Trelleborg and East Germany.
