PRESIDENCY

At our meeting in London last November it was suggested, and endorsed by all present, that we ask Keith Rymer Young to serve as President of our Society. It was felt that this was one way that we could mark our esteem for all the 'backroom' help that Keith has given to the Society and perfins in general. Accordingly, the Secretary, Michael Rucklidge passed on the feelings of the meeting and Keith has accepted our invitation. Henceforth his name will appear against the office of President at the head of our bulletin.

SUBSCRIPTIONS

There are a few subscriptions still outstanding and as a final reminder we are putting a cross alongside if your's is one of those. This will be the last bulletin sent to you unless Michael Rucklidge receives a renewal from you before our next issue is due.

NEW MEMBERS

We are pleased to report that the following have recently joined our Society and we welcome them into our ranks,

Mr K. Allum

Mr J.G. Butler

Mr J.L. Brown

Rev. Canon R.

Mr R. Lipman,

Major J.G. Macpherson

Mr D.D. Malyon

Mr H. Mason

W.O.1. M. Pankhurst

Mr W.H. Rawlings

Mr N.J. Stewart

RESIGNATION

Mr J. Ramsdale has resigned from the. Society.

MEMBERSHIP LIST

A new Membership list is going out with this bulletin which reflects the above changes and is right up-to-date at the time of going to press.

MEMBERS WANTS

I will be travelling in southern England for three weeks from March 3rd and would like to meet other perfin collectors. I specialise in Canadian private perfins and have an interest in G.B. and Australian perfins.

Jonathan Johnson

Wanted - Japanese Security Endorsements & Perfins for research. I will buy all - 1 or 20 the same. SINGLES - PAIRS - BLOCKS - on and off covers. Please include postage in the price. Alternatively, I am willing to send some for you to pick in exchange.

J.H.J. King

BACK PAGES

Copies of the Identities Catalogue complete to-date with all revisions are available from the Editor, Ron Bowman at £1.20 post free.

Abstracts - if any member is missing the earlier pages please let Ron Bowman know which you require and we will include them with your next bulletin. A stamped addressed envelope will get them to you earlier.

G.B. PERFINS

Ron Bowman still has some Q.E., mostly on paper, at £1.25 per 500 or £2.25 per 1000 post free, just as they come.

THIS ISSUE'S CONTENTS

Two pages of general interest - 2 sheets.
Security Endorsements of Sweden - 1 sheet.
Identities Catalogue, pages N1, N2, N3, N4 - 4 sheets.
New Identities Received - 1 sheet.
Membership List - 4 sheets.
Auction List 4 pages - 2 sheets.
Perfins Abstracts pages 11 to 15 - 5 sheets.

SECURITY ENDORSEMENTS OF SWEDEN

By Mike J. Burrows

In 1872 the contract-for printing all Swedish stamps was in the hands of the manager of a printing concern responsible for the bank-note production of the National Bank, Pehr Olof Bagge. His death saw the contract transferred to Jacob Bagge in February 1873.

It would seem that Jacob was a very unhappy fellow and, by the end of 1885, he had so attacked the postal officials over the quality of the paper that was being sanctioned for postage stamps, that the Government of the day was asked to let Bagge have the chance to use products other than the hand-made paper produced by the National Bank's mill at Tumba. This request was granted, but in order to have a security check, it was necessary to have some form of stock control. This control took the form of printing blue posthorns on the posthorns on the back of sheets in positions to give 200 impressions that fell one on each stamp (when printed) in the lower third of the design.

Although the public were able to buy the stamps in sheets of 100, they were printed in sheets of 200 which were divided. Two plates of 100 posthorn devices were made. These plates marked 1 & 2 were probably put side by side indiscriminately when being used. In the margins 8 larger posthorns appear. A further control was the addition of a number and letter on the left hand upper margin put on by a numbering machine.

The first delivery of machine made paper was made on 13th February 1886. It is believed that most of the machine made paper came from Gebruder Hoesch, Maschinenpapier Fa.brik, Kreuzau bei Duren.

It will be seen that machine made paper was security endorsed by printing the blue posthorns on the back by the Post Office. The stamp design being printed by Bagge. Whether any of this so called "posthorn series" are known with commercial perfins, I do not know. Perhaps some of our members have examples of this government security endorsement with privately made perfins? Also does anyone have the date of introduction of perfins in Sweden?

Posthorn Series

<u>S.G.</u>	<u>Scott.</u>	<u>Value</u>	<u>Colour</u>	<u>Date of issue</u>
34	45	10 ore	pale rose	24. 2.86

END OF -AUCTION

Good luck with your bids!

0040 Revenues

Brandt J.

Perfins Bulletin, Oct. 1973. 26, (9), 8.

Perfins which are quite rare on postage stamps may be very common on revenue stamps. It is possible that many companies had two perforators one for postal issues and one for revenues. The patterns would be basically the same but differing in minor details, spacing etc. In a rush, it could be that a few postage stamps would be perforated on the revenue machine thus creating a scarce pattern which is quite common on revenues (complete).

0041 "O.U.S." and Similar Overprints on Stamps Used by Certain Business Firms McGowan B.

British Philatelist. June 1926, 19, (4), 27-30; July 1926, 19, (5), 35-40; Aug. 1926, 19, (6), 47-48; Dec. 1926, 19, (10), 79-80; April 1927, 20, (2), 14-16.

In 1959 the O.U.S. obtained permission to have its initials printed on the face of British postage stamps. In 1869 the Society was informed that the overprinting could only be done on the backs of the stamps. Permission was withdrawn in 1882 only to be allowed again in 1903 and overprints were still being used in 1915 by one firm. A comprehensive list of overprints and the stamps on which they may be found is included. Embossing has also been used to protect stamps and five users of this process are noted.

0042 The "Holloway 244" Overprint

Ward G.

British Philatelist, Aug. 1926, 19, (6), 45-46.

This overprint was used by Thomas Holloway, proprietor of Holloway's Pills and Ointment of 244, Strand, London. Correspondence with the firm brought forth the information that a running stock of stamps value about £2,000 was kept at the time of the overprinting. In spite of this, the author can only describe four stamps so overprinted.

0043 'Mounting perfins

Travail W.

Perfins, Nov. 1945, 3 , (4), 1-2.

The use of block pages or small_ black rectangles for individual stamps is recommended for displaying perfins where the collector wants to mount his perfins face up. The perfin design can be pricked in the page margin using one of the perfins as a stencil.

0044 British Stamps Perforated with Firms' Initials
(S.P.I.F.S.)

Vallancey F. H.

2nd Edition. Pub. F. Hugh Vallancey, Sidcup,
Kent. 1948

A short history Of the adoption of perfins for protecting stamps, made very effective by the use of correspondence to and from Joseph Sloper. Mr. Vallancey was allowed access to the records of J. Sloper & Co. Ltd. and also to the list of users of perfins supplied by the firm. It is thought that Sloper's archives were subsequently destroyed during the war.

0045 Mounting Perfins

Metzs C. V.

Perfins, Nov. 1945, 1, (4), 2.

Mr. Metz explains his own method of mounting perfins on specially drawn pages. The design is picked out, using a sharp pencil, in the upper corner of the page and subsequently inked in. Each stamp is mounted on a small square of black paper and mounted opposite the inked pattern.

0046 The Australian Commonwealth Specialists

Catalogue 1969

13th Edition. Hawthorn Press, Melbourne 1969

The catalogue lists those stamps perforated OS which were used by the federal (as opposed to State) departments. Each stamp is considered individually by face value in all its watermark and perforation varieties. Prices are given for both mint and used OS perfins and also for many varieties e.g. watermark inverted, shades etc.

0047 Postal Laws and Regulations Section 716 Entitled
"Perforation for identification"
U.S. Post Office Department
Perfins, Jan. 1946, 1, (5), 1 - 2
Section 716 lays down the regulations of the U.S.
Post Office Department concerning the use of perfins.
A comment on this regulation is included in this issue
of perfins on pl. "A quotation from the Post Office
Department."

0048 Checklist of Precancelled Stamps with Perforated
Initials
Noble G. W.
10th Edition, Official Catalog of Canada Pre-
cancels, Pub. G. W. Noble, Winter Park Florida,
1975.

A check list of Canadian precancelled stamps
which have perfins also. This list has been taken
from the BNAPS Handbook of Canadian stamps with perf-
orated initials (see 0050) and gives the precancel,
Noble_ catalogue number, BNAPS number and perfin.
No prices are given.

0049 Cataloging
Swalwell I.
Perfins, Jan. 1946, 1, (5), 2.
Mr. Swalwell gives details of his own method of
catalogueing perfins and takes a side swipe at the
proponents_of more involved systems,

0050 Canadian Stamps with Perforated Initials
3rd Edition Pub. British North America Philatelic
Society, 1967. (Includes: Additions to the 3rd
Edition, Jan. 1973, by P. J. Woolley).
A concise history of security endorsements starting
from the very early, unauthorised. rubber overprints
and including the earliest known perfin cover, perfins
on postal stationery and revenues, prefaces this list
of all known Canadian perfins. Two perfin machines
are shown, one perforating five stamps at a time and
the other ten. Over 220 different perfins are listed
and illustrated. The name of the user, the issues on

0050 continued

which it can be found and a rarity factor is included. Many of the larger companies having offices in different locations, identify individual offices by having an extra hole or holes added to the design. These code hole perfins are listed with the branch offices where known. Individual stamps which have been perforated by Government Offices and Departments are listed with Scott catalogue numbers.

0051 The 1922 Two Cent Washington; Overprinted for use in the Canal Zone: Perforated P.

Roberts S.

Mayflower, June 1975, (67), 11

From March 1915 until 1941 stamps for use on official mail of the Panama Canal Organisation were identified by a large 'P' pin-perforated through each stamp. They were not for sale in mint condition and were available to the public only after being cancelled with a parcel post rotary canceller reading BALBOA HEIGHTS, CANAL ZONE between two wavy lines. However, the 2c exists without this cancellation. Also known with inverted 'P'. The perf. 'P' stamps are very scarce (complete.)

0052 How and Why I Collect Perfins

Atwater L.

Perfins, March 1946, 1, (6), 1- 2

A short personal note of Atwater's collection and details of how she mounts them.

0053 Updated Checklist of Hawaii

Savage D.

Perfins Bulletin, Feb. 1975, 28, (2), 4

A comprehensive list of 154 TH (T 47), Territory of Hawaii, perfins on U.S. stamps. All stamps are listed by Scott Catalogue number.

0054 How and why I Collect Perfins

Shetler H. L.

Perfins, March 1946, 1, (6), 2

A short article which tells how the author was introduced to collecting perfins by his wife.

0055 P.S. What'n blazes is a "Perfin"

Parks C. H.

Perfins Bulletin, Feb. 1975, 28, (2), 5

Reprinted from Linn's Weekly Stamp News, July 29, 1968.

An amusing story of the confusion which ensued when the author placed a wants add for perfins in a non philatelic magazine.

0056 Mounting Perfins

Card H.

Perfins, May 1946, 2, (1), 2

First the perfins are arranged alphabetically, then each letter is divided into four groups according to Metz's plan and then the design is pencil pricked on soaall loose leaf pages. The dots are inked and the name and address of the user, also his business if known are put on the right. The stamps are then mounted face down on black loose leaf pages, stamps on the left and identification on the right. Only one type is mounted on a page. (Complete)

0057 Checklist, State of Illinois Perfins

Warnock I. B.

Perfins Bulletin, Feb. 1975, 28, (2), 7

The State of Illinois uses two perfins, one consisting of the capital letter I (I O.S) and the other of the same letter within a map of the State. A list of all the stamps on which these perfins have been found is given.

0058 My Way of Mounting perfins

Regnier C. R.

Perfins, July 1946, 2, (2), 1- 2

A very detailed account of the authors method of mounting perfins.

0059 Remarks re Revenues

Brandt J.

Perfins Bulletin, Feb. 1975, 28, (2), 9

Glenn Estus enquired whether there was any relationship between perfins on revenues and the Cain_ rating of perfins on postage stamps. (Perfins
