NEW MEMBERS

Three new members to report this time and we welcome into the Society,

Miss J.M. Crundwell

Mr P.J. Kent

Mr M. Waghorn

ADDRESS CHANGES

Mr P. Burgess has moved to

Mr A Jorgensen's

OTHER CHANGES

Mr K Norman has resigned. ;

Mrs B Baker, Mrs R. Smith and Mrs H.T. Van Dyke have all lapsed due to non-payment of subscriptions.

SUBSCRIPTION

Subscriptions appear to be coming in quite well but a number are still outstanding. May we remind you that they became due on 1st September and if you have not already renewed, would you let Michael Rucklidge have your remittance straight away?

Cards for paid up members will be going out with this issue.

MEETING

A meeting has been arranged in London again this year and will take place on Saturday 27th November. As in previous years it will be at the National Liberal Club, Whitehall Place, but this time in Room 11 which is bigger than the "Oak Room" used in the past.

The room will be available to us from 2 p.m. and we hope that as many members as possible will attend. If you are unable to get there at 2 o'clock it does not matter, just drop in at any time during the afternoon.

Most of the Society's officers and other stalwarts will be there and would be pleased to meet the newer members, so why not come along?

SALES PACKET NEWS

Packet E has just started circulation :
2377 items value £66.25

Packet B has been lost. Value £32.62½, only £18.63½ had been bought before its disappearance. The last member to purchase items from this packet sent in a certificate of posting, but the member to whom it was addressed has failed to answer three letters over a four month period. I have no choice but to consider it lost. All vendors have been paid for their whole booklets less 10% commission and 2% insurance where applicable (In accordance with my note in the last bulletin booklets received in 1976 have not been charged insurance).

This loss is a little annoying but in no way affects the viability of the Sales Packet. More booklets are required urgently. Sales are very good (50 - 70%) so please send in any that you can.

AUSTRALIAN WORKSHEETS

We have received a set of worksheets for Australian perfins from member J. L. Purcell_in Canada who, with other U.S. Perfins Club members is working towards producing a catalogue. These sheets show some 700 different dies (illustrated) which have been accumulated from the collections of just 7 or 8 collectors.

In order to approach completeness before publishing the catalogue, the compilers would like to reach other collectors of Australasian perfins to check on possible additions. If anyone is interested in Australian perfins, and is willing to assist by checking the worksheets against their collections, would they let Ron Bowman know?

RAILWAYS BOOKLET

We have a promise of the end of September for delivery of the last of the pages from the printers, so hopefully those of you who have requested a copy should receive it in early October.

There is just one small snag which might delay it further, we have yet to locate a plastic spring spline binder large enough to take our 73 pages. Such binders are available in most book shops to take a maximum thickness of 7mm(¼") but we require 10mm(3/8").

We may yet have to revise our thoughts on binding.

AUCTION

The Auction list is going out with this number and there are lots to suit everyone. All lots have a valuation as a guide but very few have reserves so you may well get a bargain if you send in your bids. Do so now!

Two last minute lots:

184	Q.E.II Mostly 'Machins' with some duplication	506(*22)	£1.00 R
185	Q.E.II 'Machin' decimal including over 300 f.s.d. plus a few HM/SO perfins.	2,014(*92)	£4.00 R

AUCTION PRICES NOTED (From Brian Birch.)

Cinderella Stamp Club Auction - April 1976

		<u>Realisation</u>
Lot 108	G.B. Perfins - off paper mixture, Q.V, to date, values to 10/- (100's) Reserve 50p	£3.50
259	G.B. 440 Edwardian perfins on ½d & 1d, lovely condition, (est £4.50)	£7.00
304	G.B. Advertising Rings, including W.H. Smith 4d & 6d unused and cut round, 19 in all of which 3 are cut spare and the rest cut round, used and unused. (est £5)	£7.00
404	U.S. Perfins, 1500 plus, almost all complete patterns on definitive size stamps, some precancelled, a super lot. (Reserve £20)	£23.00
420	Perfins, approx 1250 including G.B. & foreign, also some firms overprints. (est £1.25)	£6.00
529	G.B. Perfins, box - early to modern, 700 appx. (est £2)	£3.50
561	Perfins - prewar foreign & colonial (200) (est £2)	£2.25
566	G.B. 1870 1½d with Copestake Moore underprint S.G. Spec pp33, good condition. (est £3)	£5.00
697	G.B. Fine collection of 266, mainly KG.VI and QE.11 overprinted with firm's name for receipt purposes, used & unused. (est £8)	£14.00
703	"British Stamps Perforated With Firm's Initials" by Vallancey, 1948, 12pp (est £2)	£2.50
727	G.B. 115 perfins on KG.VI definitives (est £1.25)	£1.50

H.R. Harmer Limited

Great Britain - 1891 Stamp Distribution Syndicate Limited, red memorandum booklet with original envelope and unused 1881 1d lilac perfinned SDS	£46.
---	------

Harry Hayes March 1976

Lot 4370 Katalog over Danske Perfins, Ostergaard-Hansen 9pp. 13 plates estimate £2.50	£2.50
---	-------

CONTENTS OF THIS ISSUE

Because of the Auction we have prepared this issue early and expect to have it in the mail during the third week of September. The bulletin normally goes out in batches spread over a week and this time we propose to deal with overseas members first rather than 'as they come'. This will give the maximum time (8 weeks approx) to closing date for bids.

Contents : Three-pages of general interest - 3 sheets.
Thomas Cook, pages A3 & A4 - 2 sheets
Identities Catalogue pages R5, R6 & R4 - 3 sheets
Maxa article pages Cz1 & Cz2 - 2 sheets
Abstracts pages 25, 26, 27 & 28 - 4 sheets
Officials Worksheet page 1- sheet
Auction Catalogue 6 pages - 3 sheets

USED IN HONG KONG

A perfin is listed as being used by Thomas Cook in "Hong Kong Postal History" by Col. F.W. Webbs.

Mr Urdang sent photographs of two perfins with these initials and there could be a third.

TC/&S	7,8/12/10	(Ia)	K.E.VII	10c, 12c.
			K.G.V.	2c green.
TC/&S	7,8/12,10	(IIIa)	K.E.V11	2c, 10c.
			K.G.V.	18c.
TC/&S	7,7/12,10	(IIIa)	1937 Coronation	4c.

USED IN CEYLON

Although not confirmed as a Thomas Cook perfin, a perfin used in Ceylon is the same as one used in Hong Kong. A photocopy supplied by Mr Urdang.

TC/&S	7,8/12,10	(IIIa)	K.E.V11	2c.
			K.G.V.	3c, 5c, 10c.
			K.G.V1.	15c River Scene.

USED IN INDIA

Mr Stockton is able to confirm the use of a Thomas Cook perfin in India and has sent photocopies of three very interesting covers with the name THOS. COOK & SON LTD, BOMBAY printed on the envelope. Two were used in 1933 and the other, used in 1935, has 41 stamps of the 3p value in three blocks.

TC/&S	7,8/14,10	(IIIa)	K.E.V11	2a.
			K.G.V.	(multiple star)
				3p, 8p, 9p, 1a, 2a, 1a3P, 1R.
			With "Postage & Revenue"	½a, 1a, 2a, 4a.
			1929 Air Mail	3a, 12a.
			K.G.VI.	1a, 1½a, 2a, 2a6p, 12a.
			1937	3½a Dak Camerl
			1940	14a Mail Plane.

There is another perfin similar to the one used in Ceylon.

TC/&S	7,8/12/10	(Ia)	K.E.V11	1a.
-------	-----------	------	---------	-----

USED IN MALAYA (STRAITS SETTLEMENTS)

The use of a perfin here is confirmed by Mr Stockton with another cover on which is written, "If undelivered please return to Thos. Cook & Son Ltd., Singapore." This is postmarked 1935.

TC/&S	7,8/14,10		K.G.V.	1c, 2c, 12c, 25c, 50c.
			K.G.V1.	5c, 8c, 10c, 25c.

USED IN THE U.S.A.

Mr Urdang sent photocopies of two perfins and the stamps.

TC/&S	7,8/13,9	Scott 405	1c Washington
		554	2c Washington
		557	5c Roosevelt
		558	6c Garfield

Mr Enschede lists the following,

1912 (perf 11)	2c.
1923 (perf 11)	1c.
(perf 10)	5c.
(perf 11x10½)	2c, 4c, 6c.
1923 Kosciusko	5c.
1930/40 Air	6c.

TC/S 7,9/11 Mr Urdang's photocopies show,

Scott 685	4c Taft
807	3c Jefferson
900	2c Nat. Defence 1940
1036	4c Lincoln

Mr Enschede lists the following,

1939	3c, 5c, 6c.
1943	2c United Nations.
1954	12c

Dr Wouters has,

1930	5c, 15c.
1954	3c.

My original list included,

1938-39	20c, 50c.
1943	Flags - Greece Luxemburg Norway

COLLECTING PERFINs IN CZECHOSLOVAKIA

By Vojtech Maxa

There has been a Group of perfin collectors in Czechoslovakia since June 1974. By the end of 1975 it had over 120 members and was publishing its own bulletin called, 'Zaprovdej Perfiny' (Perfins Bulletin). The following is a brief outline of the Group's origin and its activities.

I alone have to accept responsibility for introducing perfin collecting into my country and for organising the Group. It all started 10 years ago.....

One of my philatelic interests is Poland - a deeply specialised study of two stamps, namely the 50 gr. Pilsudski and the 1z1. Moscieki, issued in 1928-35, I subscribed to a Polish stamp journal and once, when I worked as a Correspondent of the Czechoslovak News Agency CETERA in Lagos, Nigeria, I came across an article written by Mr. Alexander Sekowski from Warsaw. He described Polish perfins - some fifty different types -, giving the catalogue numbers of stamps on which he found particular dies. I saw that perfins appeared also on "my" two Polish stamps and decided to include them in my collection. I entered into correspondence with Mr. Sekowski and received from him two Polish perfins on the 50 gr. Pilsudski stamp.

In early 1969, after I had returned home, I visited Mr. Sekowski in Warsaw where I saw his splendid collection and discussed perfin collecting with him. When we took leave, he handed me a small envelope containing some stamps and said, "Look Mr. Maxa, here are thirteen Czechoslovakian perfins for a start, why don't you try to study the perfins of your own country?"

Not having the slightest idea of what faced me, I accepted. Later on, when I was back in Prague, I came across a copy of Linn's Stamp Weekly with many articles on perfins. There I learned that some 500 Danish perfins were known and reasoned (how naively!) that if there are less than 100 in Poland and 500 in Denmark, my country's score would be somewhere in between - a mere couple of hundred. I also learned that Mr. John S. Nelson had published a booklet dealing with the history of British perfins, I wrote to him, and he not only kindly sent me a copy of his book, but also a listing of his Czechoslovakian perfins,

And so, step by step, I was able to assemble information about some 75 different Czech perfins. Soon I realised that it is very important to know who was using them. I enquired at the Postal Museum hoping that the use of perfins was authorised individually as are meter-mail patterns. I even tried the Patent Office only to find out that perfins were not regarded as Trade Marks and no record was kept of them.

All this made it clear to me that the study of Czechoslovakian perfins would require original and difficult research. In spite of this difficulty, I made a decision to compile a catalogue of them.

I entered into correspondence with officers and members of the U.S. Perfins Club and later became a member of it. They were very helpful and kindly sent me lots of valuable information on Czechoslovakian perfins.

Cz.1

In June 1970 the Czechoslovak stamp journal "Filatelie" published my article "Uninteresting & Valueless?", in which I wrote about perfins generally and about Czechoslovakian perfins in particular, giving a list of the 75 I already knew.

That started it. In the space of three months I was flooded with letters from stamp collectors from all parts of the country. Some writers sent me a few perfins, others hundreds and more. Many of them admitted that although they knew very well (all the philatelic authorities kept telling them) that perfinned stamps (or stamps with holes as they used to call them) should be discarded as valueless and unfit for collecting, they long ago put them aside for a rainy day. In the twelve months following the publication of the first article I was able to record about 500 perfins from Czechoslovakian territory.

A slight digression should be allowed here. I use the term "perfins from the Czechoslovakian territory" and not "Czechoslovakian perfins" with good reason. My country was part of the Austro-Hungarian Empire for three hundred years, and only as recently as October 28th 1918 did we become independent. Firms doing their business in the Czech lands from 1880 to 1918 used Austrian stamps, while those in Slovakia (eastern part of the Republic) used Hungarian stamps. In October 1938 parts of our territory were incorporated into the German Reich, other parts went to Hungary and Poland. Of the remaining land, two separate political units were formed in March 1939 - the Protectorate of Bohemia & Moravia and the Slovak state.

So, many of the old perfin patterns, originating before 1918, appeared on the stamps of different postal authorities according to the complicated and dramatic development of our history.

Incidentally, this fact makes the study of our perfins very fascinating.

Great help also came to me from abroad, not only British and American perfin collectors helped me, but also those from the Netherlands, Canada and Western Germany.

Following this initial success, I published more articles on our perfins in the philatelic press. Among them was one with the text of the original document authorising the use of perfins in Austria, which I discovered. It is dated April 4th 1877 and was published in the Austrian Post-Office Gazette. This decree was taken over, with many others, by the Czechoslovakian Authorities in 1918. Surprisingly, it was never recalled and, therefore, it is still legal to use perfins in Czechoslovakia.

With the generous help of so many collectors from home and abroad (their total number must be well over fifty!) my work on the catalogue progressed quite swiftly. I negotiated its publication with the U.S. Perfins Club, and thanks to the friendly help and encouragement of its officers, the catalogue was published in June 1972.

This catalogue contains some 700 perfins (all fully illustrated) with slightly over 40% of the perfin users identified. Another point here; when identifying a perfin owner I always add the sort of business he is engaged in. I think that it enhances the interest of a perfin collection and helps those philatelists who collect perfins thematically.

To be continued.

Cz.2

0116 Patterns and Issues Travell W.
Perfins, July 1947, 3, (3), 1
Every Trade, sport, etc. has to establish its own set of terms with its special meanings. The term "pattern" is suggested to denote the arrangement of holes in a perfin. Also collecting by "issue" means a particular perfin on every different stamp (neglecting watermarks, shades etc.) whilst collecting by "type" means only one or two copies of each perfin pattern irrespective of the stamp it is found upon.

0117 Types, Designs & Varieties
Travell W.
Perfins, July 1947, 3, (3), 2
In an effort to promote uniform terminology relating to perfins, the author suggests standard definitions for several perfin-related words - Perfins; Type; Design & Varieties.

0118 Check List of Canadian Stamps perforated "O.H.M.S."
Maple Leaves Booklet No. 1., Canadian Philatelic Society of Great Britain, c. 1949, pp-6
One of the earliest checklists of the O.H.M.S. perfins of Canada. It lists a modest (by Wrigley standards) 134 stamps, thus perforated, and gives the positions known but no prices.

0119 Numbers Please
Maxa V.
Perfins Bull., Mar. 1976, 29, (3), 3
Generally, perfins with numbers on them give little help to those wishing to identify their user unless the significance of the number is easily recognisable. 1842 on Czech stamps was used by the Pilsner Urquelle Brewery, established in 1842. However the significance of 16/5/06 on £10 British South Africa stamp (possibly a date) or C02 on Hungarian stamps (perhaps the formula for carbon dioxide) still eludes us.

0120 U.S. Postal Agency, Shanghai, China
McHenry G.
Perfins Bull., Mar. 1976, 29, (3), 4
The author has a postcard Tanked with a one cent U.S. parcel post stamp, tied by a 1914 - U.S. Postal Agency, Shanghai, China cancel and bearing a B.A.T./Co. Ld perfin of the British American Tobacco Co. Ltd. The message on the card indicates private use. This perfin is also known on the stamps of Great Britain, China and Japan. (complete)

0121 Rouletted perfin on French cover(*)
Kloss B.
Perfins Bull., Mar. 1976, 29, (3), 4
Not all perfins are composed of round holes. A French cover is shown which has a stamp perforated G. MINI by means of a double row of slits.

- 0122 Faroese Perfins
Baker J.H.
Perfins Bull., Mar. 1976, 29, (3), 5
The Faroe Islands, whose first stamps were only issued in Jan. 1975, already have a perfin in use. P.F. Valdemar Lutzen, a department store in Torshaven uses the perfin V.L.
- 0123 Jim Harris's Perfins
Harris J.
Perfins Bull., Mar. 1976, 29, (3), 5
Jim Harris has two or three perfins - depending on how you look at it. JH (USA - J 55.7) is home made whilst the other which perforates HAR/RIS is store bought. The latter is made to perforate two se-tenant definitive size stamps at once, one with HAR (USA - H 21.5) and the other RIS (USA - R 94.5)
- 0124 New Schermack discovery?
Schoeps C.
Perfins Bull., Mar. 1976, 29, (3), 6
A type III Schermack with perfin No. 5 is shown on a 1906, 2c Imperforate (Scott No. 320) Whilst this type of Schermack is not uncommon on this stamp, it has not been seen before with this perfin. The perfin in question is in the form of the usual Schermack nine pin square but with the centre hole missing.
- 0125 Perfins of Western Australia
Pocock D.A.
SEPS, 1975, pp-2
Apart from the well known OS and WA perfins, the author lists 13 belonging to private companies (8 identified) and the P.W.D. - Public Works Department, official. Two more tentative identifications are added as a "stop press".
- 0126 Perfins on the U.S. offset printing issue; Part 5
Bennett D.
Perfins Bull., Mar. 1976, 29, (3), 7
The fifth instalment of this series; covering the perfins beginning with F, G and H.
- 0127 Canadian stamps with perforated Initials
British North America Philatelic Society, Toronto, 1955, pp-32.
First edition of the B.N.A.P.S, catalogue of Canadian perfins. Same format as the latest (3rd) edition but with no rarity factor.
- 0128 Bousted and Company
Bosley J.W.
SEPS, 1976, pp.1
Early issues of Straits Settlements can commonly be found with the manuscript security endorsement B & Co of Bousted and Company. Within a couple of years (around 1870) the manuscript was replaced by a rubber stamp which was itself replaced by a perforator about 1895. Straits Settlement stamps overprinted B for use in Bangkok can also

- 0128 continued
be found with the manuscript B & Co from supplies returned to Singapore when the Bangkok office was closed.
- 0129 The Great Western Railway in Ireland
Burrows M.
SEPS, 1976, pp.3
A concise account of the Great Western Railway's interests in Ireland, particularly in relation to its fleet of ferries. Details are given of all the ferries operated by G.W.R. and the fates of many are also noted. Checklists of G.W.R. and RE/WR (Railway Executive Western Region) perfins on British and Irish stamps are included.
- 0130 The Handbook of British Perfins
Nelson J.S.
John Nelson, Biggin Hill, 1967, pp.30
A concise history of the origin and use of security endorsements (particularly perfins) in the U.K. The product of much original research, it contains several illustrations of original documents and a wealth of interesting anecdotes. Copiously illustrated.
- 0131 Relative ratings of U.S. perfins
Cain C.W.
Perfins Club, pp.21
These widely quoted "Cain Ratings" divide all U.S. perfins (listed by catalogue number) into five grades, A to E, according to relative rarity.
- 0132 What are perfins?
Maxa V.
Perfins Bull., Apr. 1976, 29, (4), 1-2
Although appearing to be an attempt to define the criteria which dictate whether a stamp which has been punched or perforated may be called a perfin, this article is mostly concerned with classifying the various groups and sub-groups of perfins and users.
- 0133 Perfins of U. S. companies abroad; part 3
Prins J.
Perfins Bull., Apr. 1976, 29, (4), 3-4
The third instalment includes a large section on the Vacuum oil Co (found on the stamps of 18 countries) and a range of other companies from General Motors to Esso.
- 0134 Perfins of China
Tilles H.
Harvey Tilles, High Point, U.S.A. 1975, pp.6
Apart from a short introduction detailing the introduction of and regulations regarding perfins in China, this book consists of illustrations of all the known perfins of China and Kiangtshou. Most of the perfin users are identified and the area of use is noted. The complete absence of any explanatory notes regarding the entries under "France" and "Germany" hinders appreciation of their significance.

- 0135 My perfin entry: Stampex 1975
Wright N.
SEPS Bull., July/Aug. 1975, (158), 2-3
A short description of the exhibit which won the author a bronze medal at stampex in 1975. The entry was a review of the history of perfins using British and Irish perfins.
- 0136 The S.E.P.S. Perfin
Birch B.J. & Bowman R.
SEPS Bull., July/Aug. 1975, (158), 3 & 6.
The Society's perforator and die (SEP/S) are shown. It was purchased by Chris Carr and John Nelson on behalf of the Society in 1964 from Baddeley Brothers for £9.15s. (£9.75).
- 0137 A German Stamp perforated "Tokio 1964"
Hornung O.
SEPS Bull., July/Aug, 1975, (158), 5
The Illustrated encyclopaedia of Stamp Collecting, Hamlyn, London, 1970, pp. 82-83
A group of dealers in West Germany bought a large quantity of sets of the official stamps for the Olympic Games in Tokio. They had them perforated "Tokio 1964", had some postmarked in Bonn on first day covers and obtained a declaration from an official of the German Olympic Committee authorising them to issue the set. They then sold the stamps from Liechtenstein at a profit of about 400,000 D.M. (about £40,000). (Complete.)
- 0138 British perfins on revenue stamps (*)
Schwerdt R. & Tennant C.P.
SEPS Bull., July/Aug. 1975, (158), 5
SEPS Bull., Sept./Oct. 1975, (159), 4
The perfins of various banks can be found on British revenue stamps (Foreign Bill, Land Registry, Judicature, etc.) Examples of such perfins are B.B. - Baring Brothers & Co. Ltd.; C.B. - Colonial Bank; C.B.I.-- Chartered Bank of India; C.L. - Credit Lyonnaise and I.B.H.L. - International Bank of London.
- 0139 Perfins of the Middle East
Tilles H.
Harvey Tilles, High Point, U.S.A., 1975, PP.12
Only six countries in the Middle East appear to have issued perfins:- Egypt (32), Lebanon (2), Palestine (4), Persia (3), Sudan (7) and Turkey (22), and very little information regarding their authorisation is available. Many perfins of Egypt, Palestine and Turkey are also found on the stamps of the various foreign powers who had post offices in these areas (Britain, Austria, France, Germany, Italy and Russia).
- 0140 To members of the Perfins Society
Persans F.F.
Perfin., Feb. 1948, 3, (5), 1
Alongside a general collection of 40,000 stamps, the author has a perfin collection containing almost 2,500

It is proposed that we should up-date the information on the Official Perfins of G.B. which we originally gathered, with a view to publishing our own-handbook on the subject, perhaps next year.

To assist us in gathering the maximum amount of data, we shall be issuing 'Worksheets' with the next few copies of the Bulletin. Would members please complete these by noting the particular stamps that they possess against the items on the sheets, and add any other relevent information?

We would be grateful for returns whether or not members have any of the items on a particular sheet since we hope to establish rarity factors from the data returned. For this reason would you please note the quantity of any particular denomination that you have, in the column or brackets following the item?

The stamps and denominations noted on the worksheets will be those reported in our catalogue issued during 1965-66 and will I include some additional material reported since.

Details of other sources of information, articles, catalogues etc., not mentioned in our previous work would be welcome. Also, we would be pleased to send the worksheets to any non member who you feel could assist in our search for data. Returns should be made to RON BOWMAN 'GWEL MARTEN', BEECHFIELD, FRILSHAM, HEPMITAGE, NEWBURY, BERKS.

— Please add your name to the foot of each sheet in case we need to contact you for clarification on any point. Worksheets will be printed both sides but only one signature is necessary.

1. ADMIRALTY TRANSPORT DEPARTMENT

Perfin :- A.T/D. 10,7/11 4½mm.

This perfin appears to have been used for a short period at the beginning of the first World War.

Does your copy have a fullstop after the 'T'?

2. DEPARTMENT OF SCIENTIFIC & INDUSTRIAL RESEARCH

Perfin :- DS/IR

Although the Department was established in 1916, it is thought that perfins were not introduced until June 1937. Does anyone have 1937 dates or earlier?

The Department ceased to exist on 31st March 1965 and became part of the Ministry of Technology, however, the latest usage known (reported by Dr R. Powell) is, 27th October 1966. If anyone has dates later than 31st March 1965 would they please add them below?
