

SIMPLIFIED LIST OF PUNCTURED ENDORSEMENTS  
ON STAMPS ISSUED FOR  
SECURITY PURPOSES FROM  
1864 up to date.

**NOTES.**

This list is simplified to the point that no note has been taken of the number of holes which comprise each letter or of the shape of the ampersand, etc.

Those letter combinations which have been found on the 1d Plate Nos., are marked (\*) and those which have been found on the 1d Lilacs of 1881 are marked (X). Where the statement "various" appears after an entry it indicates that this exists in possibly various sizes, in various numbers of holes, with varying ampersands, etc.

The list is still very incomplete but it is essential that a start should be made somewhere and additions to the lists would be very welcome if sent direct to me or direct to the Secretary of the Group.

Attention is strongly drawn to the fact that no attempt has been made to identify any initials. Since the whole principal of Security in these endorsements depends on a degree of secrecy and Messrs. Sloper Ltd., would not wish their lists to be made public. Since a great deal of help has come to my main work from their records I would not wish to abuse that privilege.

Compiled by Charles Jennings, P.T.S.,  
from lists originally made  
by Charles Bein, Esq., and  
the late Hugh Vallency and  
the late Charles Nissen.

96, Marmion Rd.,  
Southsea. Hants.

Nov. 1955.
