The front and rear of the cover illustrated on the back cover identifies the user of perfin pattern R96 as Roberts, Johnson & Rand Shoe Company, 923 Washington Avenue, Saint Louis, MO. The letters in the pattern, RJR, fit the company name as does

the location of Saint Louis, MO which had previously been established.

The cancellation is July 17. The year stamp, indicated by an arrow is 1908 although it is possible to make this out to be 1906. In any event this is an early usage. If any reader has access to business records we might be able to set the date by knowing the establishment date of the company.
