RESIGNATIONS

We have received three resignations -- Col. Sammes and Messrs. Bacon and R.L. Jones.

SUBSCRIPTIONS

Cards for receipt of membership subscriptions for the year starting 1st September will be attached to the bulletins of all fully paid up members. No card probably means that you have still to renew.

Will you please treat the absence of a card as a reminder to send in your subscription if you have not done so during the past ten days?

LONDON MEETING

The London meeting is definitely fixed for November 21st but the venue is still not certain. It will either be held in the B.P.F's rooms at the National Liberal Club in Whitehall Place as in the past, or at the London International Stamp Centre. This is at 27, King Street, Covent Garden, W.C.2. which is above Vera Trinder's, opposite Moss Brothers.

The final choice still depends on the B.P.F'S position in November and since we shall now be too late for our next bulletin with the news, let Michael Rucklidge know if you wish receive notification of the place. Alternatively, just look in. We shall be at one place or the other.

## BULLETIN MATERIAL

We have received a letter from Mary Thornton, part of which we feel merits publication, and on which we would like your views.

Mary has backed up her letter with the manuscript of two small articles, one of which appears in this issue. The second we will publish next time.

We quote, "Personally I feel that sometimes there are rather too many pages of "Perfin Abstracts", especially about foreign perfins, and I would like to see more articles on G.B. perfins. The membership is so large yet few people write anything.

Would it be possible to invite members to send in articles of half a page, or a full page, by a certain date, and to offer a small prize, such as a packet of perfins, for the six entries the Editor considers to be the most interesting? Perhaps someone would be willing to donate perfins for the purpose! I would offer a few myself".....

Well there it is! We would welcome articles on perfin topics from any source and would be happy to run such a competition if we could get the response.

Can we have your views on the content of the bulletin and more contributors please?

We hope soon to start collating all the additional data received on railway perfins and publishing it in the bulletin by instalments. Similarly, the revised Council Listing should be getting underway soon and a page or two of this can be included in each issue. We can, however always find space for other material.

- 0734 Perfins of Peru\*  
Bladorn, H.W.  
Perf. Bull., Nov./Dec. 1980, 33, (10), 4  
There does not seem to be any published data on the perfins of Peru. Only three perfins are recorded - EH used between 1929 & 1931 in Arequipa; B.F.C. used in Lima (on Scott 245) and BM/AP (on Scott 214). (Complete)
- 0735 FNB perfins on shipping label\*  
Pfaber, I.  
Perf. Bull., Nov./Dec. 1980, 33, (10), 4  
A shipping label is shown bearing 5 x 50c and 2 x 20c definitives. All of the stamps are perfinned FNB of the First National Bank. The note appears to have accompanied a shipment of over \$376,000 to the Federal Reserve Bank.
- 0730 Background on Japanese perfins  
Perf. Bull., Nov./Dec. 1980, 33, (10), 5-6  
A brief history of Japanese security endorsements is given, derived from the third edition of Adachi's catalogue. It covers the whole era, starting with the early embossed endorsement and rubber stamp endorsements and ending with the gradual phasing out of perfins in the mid 1960's.
- 0737 Building your personal perfins collection  
Walker, F. A.  
Perf. Bull., Nov./Dec. 1980, 33, (10), 7-10  
As an aid to obtaining copies of philatelic society and personal perfins, an illustrated list of all those known and is given, together with details of how and from whom copies are available.
- 0738 Delaware Lackawanna & Western Railroad advertising character\*  
Hoyt, E.S.  
Perf. Bull., Nov./Dec, 1980, 33, (10), 10  
The Delaware, Lackawanna & Western Railroad (perfin D-78: DL&W) used an advertising character named Phoebe Snow who would stand on the observation platform in an all-white dress to make the point that the DL&W used clean - burning anthracite rather than the bituminous coal used by most other railways.
- 0739 International Harvester Company advertising character\*  
Stroupe Jr., V.S.  
Perf. Bull., Nov./Dec. 1980, 33, (10), 10  
In the early 1900's, the International Harvester Company used an advertising character named Prosperity (short for prosperity). This character is shown and appears to be an indian with corn-cob body holding the IHC logo (the same as the perfin) as a shield.
- 0740 Perfinned Scott 505 (Washington 5c rose error)\*  
Balough, J. J.  
Perf. Bull., Nov./Dec. 1980, 33, (10), 10  
A second copy of Scott 505 (Washington 5c rose error) is known with the N.173 perfin of the Bell Telephone Company of Omaha. The precious perfinned Scott 505 is on cover. Both are owned by the author. (Complete)

- 0741 Seven ways to collect perfins  
Crow, R.B.  
Perf. Bull., Nov./Dec. 1980, 33, (10), 11-12  
Greater interest can be given to a perfins collection if one collects with a theme in mind. The most common method of collecting perfins is one of each pattern but there are many other possibilities:- issue collecting; topical; precancels; perfin varieties; perfins on cover and postal markings on perfins to name but a few.
- 0742 Canadian revenue perfins  
Dicketts, M.  
Perf. Bull., Nov./Dec. 1980, 33, (10), 13  
A general introduction to perfined Canadian revenue stamps. Apart from the per•f ins of Canadian companies, certain Canadian revenues are also known bearing U.S. and British perfins.
- 0743 What are your perfins worth?  
Perf. Bull., Nov./Dec. 1980, 33, (10), 14  
A brief introduction to the value of perfins including an explanation of the U.S. Cain ratings.
- 0744 Perfins on Scott 332 and 375, continued  
Owen, L.  
Perf. Bull., Nov./Dec. 1980, 33, (10), 15-17  
Scott 332 and 375 are the 1908-1910 2c Washington with the value in words (SG 339 and 382). The checklist of all known perfins on these stamps is concluded with the letters M to Z plus the numerals and designs.
- 0745 Cover talk  
Harrell, F.  
Perf. Bull., Nov./Dec. 1980, 33, (10), 19  
Two covers , ,ith commemorative cachets and return addresses are illustrated. Both bear Perfins which appear to have no connection with either the event or the user (one is GE, the other FAC (F19) ). It is suggested that they could be examples of unauthorized use of the perfins.
- 0746 A collector tip  
Perf. Bull., Nov./Dec. 1980, 33, (10), 20  
Whilst waiting for a suitable time to mount their perfins, many collectors keep them in stock books. It is suggested that inserting a loose leaf stock sheet between each letter of the alphabet in the (U.S.) catalogue is a more convenient way of storing new acquisitions than using a separate stock book,
- 0747 Damaged stamps  
Hornung, O.  
Illustrated Encyclopaedia of stamp collecting, Hamlyn Publishing Group, London, 1970, 124-128  
Section I of the chapter on damaged stamps is entitled 'punched stamps" and includes perfins. Although they are included in the section on damaged stamps, it is acknowledged that some can be quite valuable such as the French "E.I.P.A. 30" perfin.
- 0748 Souvenir sheets of the world - Vol. 2  
Zinsmeister, M.C.  
Handbook 7, Society of Philatelic Americans, New Jersey, 1956, 8-9

0748 continued

In 1941, Belgium issued a miniature sheet both perforated and imperf. to raise funds for Queen Elizabeth's Musical Foundation. 82,000 each of the perf. and imperf. sheets were issued bearing the monogram of Queen Elizabeth perforated through the stamps.

0749 One thing leads to another

Burrows, M.J.

S.E.P.S. Bulls, Nov./Dec. 1980, (190), 5-6

Having heard that it was once possible to purchase perfins at an Ipswich post office, the author, by tracing both the post offices and perfins of Ipswich comes to the conclusion that a sub-postmaster William Day was also an agent for Frank Braham who produced perfins for other companies.

0750 New perfins appearing since 1973 continued

BNA Perf., May 1980, 1, (5), 1

This is the final instalment of the newly discovered perfins (since the BNAPS catalogue of 1973) and covers an AC (punched through an Ontario revenue), SUN/LIFE and a design made up of multiple crosses from Canada and two SPECIMEN perforations from Newfoundland.

0751 How perfin machines are made

Stump, D.C.

Perf. Bull., Apr. 1975

Reprinted in: BNA Perf., May 1980, 1, (5), 2

A detailed account is given of the method used to manufacture perforating machines for perfins, in U. S. A.

0752 Another new find'?

Hanes, A.D.

BNA Perf., May 1980, 1, (5), 2

A Canadian stamp is illustrated, bearing a previously unknown perfin. Unfortunately, the perfin runs off the stamp and cannot be determined exactly, but it appears to be E D.

0753 Comments on Glossary of perfin terminology

Johnson, J.C.

BNA Perf., May 1980, 1, (5), 3

A glossary of perfin terminology is needed as there is a tendency for perfin collectors to give different meanings to accepted words or invent their own words. Six additions to the first list (see: 0688) are given.

0754 15c large queen reported

Burger, A.

BNA Perf., May 1980, 1, (5), 3

A Canadian 15c young, Queen Victoria definitive (large size) perfinned S.L./A Co. is shown. It is only the second "large" Queen perfin reported.

0755 Allen Burger has done it also

Burger, A.

BNA Perf., May 1980, 1, (5), 3

A new U.S. perfin - CH/Co of Crouse Hinds Co., has been found on a Canadian Express stamp. It is shown together with the same perfin on a U.S. stamp.

PERFINS AUCTION No. 4 (1981)

Auction No. 3 closed successfully with total sales of £184.30 though there was a marked decrease in the number of bidders, no doubt caused by the proximity of the Summer holidays. Payments for the auction have unfortunately been erratic, partly due to the same reason, but also because of the Canadian postal strike. At the time - of writing however, it is sad to see that some U.K. members have still to pay up, which causes unnecessary delay in paying out the vendors.

Bidders and vendors are reminded that all auction accounts are handled by the Treasurer and any queries should be addressed to him.

The Auctioneer already has some material in hand for the next auction but intending vendors are invited to send further material to the address below. Receipt of lots will NOT be acknowledged unless a stamped addressed envelope is enclosed.

Closing date for bids in this auction is Friday 13th November 1981 and overseas members are advised to bid by airmail.

Please send all bids on the form provided, too

Peter Day
