Dear Sir, This business of moving has rather
over worked me, and prevented my reply to
you — It is proposed to open the Postal
Business on Mondays — of course it is under
stood that our office hours are
8-30 ^{A.M.} till 6 P.M. as was proposed
at our meeting with Mr Blackwood on
all that was agreed — I write you that
in case I do not see you tomorrow you will
kindly cause information to Mr Johnston
to this effect — as Mr Storey mentioned to me
how on his calling here that in most cases they
generally kept open till 8 P.M. but he
did not say it would be agreed here.
Of course
