New Zealand Philatelic Federation Perfins

Data provided by J. William Ross (#200)
With thanks to Professor Ian Campbell and the
New Zealand Philatelic Federation

During 1988-1992, the New Zealand Philatelic Federation produced two groups of perfins: (a) As souvenirs of philatelic exhibitions, and (b) a stamp perforated "THANK YOU" for use on cards sent to members of affiliated philatelic societies in recognition of payment of their annual levy to the Federation.

The stamps were perforated by J. Sloper & Company, Ltd., of London. This firm has since gone out of business and, unless another supplier can be found, it is unlikely that further perfins will be produced.

The following perfins were issued:

ROYAL 100

1988 Centenary of Philately in New Zealand stamp perforated ROYAL/100 for sale at the Royal 100 national stamp exhibition held in Wellington.

20 April 1990
