

And you thought your postage bill was high!

Bob Szymanski (#LM-45) suggests this cover holds four records: most perfins on one cover (72), most perfin postage on one cover (\$328.66), largest perfin multiple on one cover (35), and largest perfin value for multiple on cover (\$175.00). The registered cover came from Harris Trust and Savings Bank in Chicago and was mailed to National Shawmut Bank in Boston using perfin pattern HT (H-189). It is dated January 18, 1946. Szymanski doesn't know what was inside the envelope, but one would hope it was more than the \$328.66 it cost to mail it. If you can add information, or beat the records, Bob can be reached at 10 Clarridge Circle, Milford, MA 01757.
