

MORE ON THE PERFINs OF THE STRAITS SETTLEMENTS AND MALAYA

By William Hall.

Thanks to the response from members who read my previous article I can now add to my original list of perfins. However first I must admit to a mistake in the first list. HB/SBC 11,13/14,13,8 should read H&/SBC 11,13/11,13,8 and is used by the Hongkong and Shanghai Banking Corpn. If any members can add to the list I have compiled so far I would be grateful if they could tell me. I still have copies of the illustrated catalogue for anyone sending me an SAE with 20p postage (inland).
