CSK PERFIN By Rosemary Smith.

On the opposite page are photocopies of both sides of a receipt written on a sheet of notepaper. In the dealers stock there were many similar receipts. On one side of all the missives was a 1d stamp used for receipt purposes with perfin C4130.02. No identity could be deduced from the unofficial receipts.

I sent the item to Roy and his reply was:-

"The CSK perfin is interesting as the original identity, with stops, (from Kevin Parkhill in Bulletin 266) was for, "The Clifton & Keresley Coal Co. Ltd., Robin Hood Sidings." No town was stated but part of the pmk reads PENDLE....(presumed to be Pendlebury).

"I see from my gazetteer that there are three Swintons in Yorkshire and one in Lancashire. The Lanes one is part of the Municipal Borough of Swindon and Pendlebury, 5m WNW of Manchester. I would imagine that the address given is the offices of the above named Coal Co., but perhaps someone could confirm by reference to a Manchester Trade Directory c1920."

Can anyone do some detective work for us?
