

STAMPS NOT RECORDED AS PERFINS Every Bulletin since No.267.

In Bulletin 267 I published Alastair Walter's list of pre-decimal stamps which had not been seen as perfins. During the past twelve months many of the stamps from that original list have been found perfined and reported.

Here is the updated list of non-perfined stamps.

Bulletin No. 273 (Dec '94) Pg. 18.
