NEW MEMBER

Another new member has been enrolled this month and we are pleased to welcome into the Society,

Mr E.L. Whitehead

REMINDERS

There is so little Society news this month that we are taking the opportunity of filling tote space with some reminders. Auction - Closing date for bids in the "Line Engraved" auction is 20th of May. There is still time for UK members to get off their bids to Chris Carr.

Subscriptions - We are still awaiting half year subscriptions from some of those members whose previous subscription ran out in the first few months of this year. This half year subscription (5/- or 75c) is to bring the whole membership into line for a September to September financial year, which will ease the office work. Will those members who are now in arrears please remit to John Nelson? This could be your last copy. See the foot of this page.

Mr Jenning's Book - Pages are continuing to go out each month in 2/- (24c) lots. Again we have several subscribers four or five months overdue with payment. Anyone who is four months in arrears at present will receive no further pages until John Nelson advises me that they have a credit balance. Similarly, if the arrears are not cleared by next month the amount owing will be deducted from any balance of subscription we hold. Thus your membership could have already lapsed. Sorry to be so harsh but we can only carry people for so long.

CONTENTS Pages K1 & K2, L1 & L2 of Identities; Pages 83 & 83 of Officials; Page 50 of Simplified; Page 3 of the Hospital listing and one page of general interest.

Stamps with Die 1 seem to be very scarce, and some are probably rare.

Die 2 is composed of two units, and the puncture is to be found in horizontal or sideways position on the stamps. This die was used on a number of the issues on which Die 1 is found, so that there is an overlapping period of use, but the actual history of both dies remains unknown.

The earliest dated stamp so far seen with Die 2 is S.G. 420 1½d chestnut, postmarked 13 Jan 28. An undated stamp, S.G. 357, 1d red is known with the second perforation.

Die 2 may also be found with missing puncture holes, both the letters A of the pair having 9 pins instead of 10, because the top pins forming the letters appear to be missing; in addition one of the pair of the letters F seems to have 6 pins instead of 7; the dot forming the middle bar is missing (see illustration).

This variation occurs during the K.G.VI period.

- CH/33 On 2½d pale blue GVI and QE. No postmark but Group 33 of the South West Metropolitan Region is CANE HILL, a very large mental hospital. I think this must be right as a new identity.
- CH/MC
** Camberwell Hospitals Management Committee. Van Lint's illustrations show an obvious provisional for this hospital.
- CRO/HMC Croydon Group Hospital Management Committee. In April 1964 amalgamated with Warlingham Park as Croydon and Warlingham Park Group Hospitals Management Committee.
- D1/HMC Derby No.1 Hospitals Management Committee which is Group 4 of the Sheffield Region.
- DO/HM On pale 3d GVI with illegible postmark. Could be Dorset, Doncaster or Dovenby Hall (Cockermouth) or may not be a hospital at all.
- DS/G Darenth & Stone Hospital Management Committee. Group 23 of South East Metropolitan Region with hospitals at Dartford and Tonbridge.
- DS/HG No legible postmarks for this one. Could be Darenth as above. Letters might also be used for Dudley Stourbridge and District Group.
- EC/HMC East Cumberland is the only group that seems to fit the lettering. My only copy is 1/- QE without legible postmark.
- EG/HMC Listed as Edmonton Group HMC. Amalgamated in April 1966 Enfield Group HMC.
- EH/MC Listed as Enfield Group HMC. Group 2 of the North East Metropolitan Region.
- FH/HMC Listed as Farnham Group HMC, Group 8 of the South West Metropolitan Region.
- F&K Listed as Fulham and Kensington HMC. This Group was amalgamated in October 1960 with the Chelsea Group as Chelsea and Kensington HMC.
- GD/HK No information. If a hospital it could be Gateshead and District or Greenwich and Deptford.
- G/HMC Listed as Guildford and Godalming District HMC. This is an amalgamation of the Guildford (No.9) and Godalming, Milford and Liphook (No-14) Groups in 1961.
- G/N/C Diagonally. Listed as General Nursing Council for England and Wales. Not exactly a hospital but closely connected with hospital work. My earliest copy is GVI ½d block watermark.
- ** Administered by the Board of Governors of Kings College Hospital since November 1965.
