As you will no doubt have read in **B458 (October 2025)**, I will be standing down as Catalogue Editor from **mid-March 2026**, so this will likely be my penultimate '*New Die & New Identity*' report. By the time you read this I will have 'shut up shop' with regard to accepting any more update information (officially from the end of November) to allow me sufficient time to ready the many hundreds of files that make up the new **S158 White 'Twister'** which is due for release 13th March 2026. All that remains for me to do is to thank the two hundred or so collectors for their help and support over the years, (sadly many are no longer with us), and of course to wish you all a '**Merry Christmas and a Happy New Year**'!

 *Merry Christmas*
