

GB HIGH VALUES STUDY PAPER

QUEEN VICTORIA 1891 £1 GREEN

Compiled by William Hall

Introduction

This study paper seeks to record all known surviving perfinned copies of the 1891 Queen Victoria £1 green.

It is both a record of the different perfin dies known on that stamp and of the individual copies for which scans have been recorded and so build a list of the corner letter combinations for each die.

The £1 green SG 212 (Scott #124) was issued on 28th January 1891 to replace the £1 brown-lilac which was first issued in 1884. A total of 8,772 sheets of 80 stamps were issued amounting to 701,760 stamps put into circulation. The stamps on each sheet have corner letters running from AA to TD.

The following listing has two pages for each die. On the first page is a grid replicating the sheet of 80 stamps with those where a scan has been recorded shown shaded in green. On the second page are scans of the known stamps which I have compiled from copies sent to me by members (*many thanks to all members who have already helped contribute to this study*), my own collection, online auction sites and by searching the internet.

If any members can add examples to this study paper, I would be pleased to receive details, and ideally scans, of them. Please email me at w.hall13@ntlworld.com.
