

How to Finance Your Business At Every Stage?

Question: Why is it difficult to raise funding during my best opportunities? When I have quality international contracts, when I have a strategic acquisition target or when looking for growth financing or expanding operations internationally, my bank finds a reason to say "it's too complicated".

Answer: Any Change in your business, even if it is positive, is perceived as a risk to your existing cash flow

Action: Transactional CFO Inc. guarantees results and excel where others have failed
