

May 8, 2019

Woods Manor Timeshare Owners,

Below is the latest status of the Timeshare Conversion Plan.

The Woods Manor attorney is working through the legal procedures related to reaching a court decision on the sale of the remaining four timeshare units. This process is taking longer than we had hoped. Therefore, the Woods Manor Board decided to increase weeks available for trade or use. Weeks in the four timeshare units may be used through September 2019. This will give us three more months to address legal issues.

We will keep you posted as more is known.

Attached is the updated Timeshare Availability Worksheet Listing, which will be provided to Wilderrest Property Management and posted on the Woods Manor website. If you have any problems depositing your weeks with RCI through September or making your own reservation at Woods Manor, please let me know.

Thanks,  
Len Vest, Timeshare Conversion Project Coordinator
