Re: Site visit regarding asphalt complaint

Dear Board of Directors,

A recent site visit was conducted by this office with regards to an asphalt complaint within the subdivision. The site visit also included the accompaniment of the Director of Public Works for Columbia County. It was determined during the visit that a sanitary nuisance as described in Florida Statutes 386.041 did not exist and therefore is not considered a nuisance injurious to health.

This complaint appears to be a civil matter and will be closed with our regard.

Please feel free to contact me with any questions.

Sincerely,

Sallie A. Ford
Environmental Health Director
