The class ratio will be 12 skaters or less to each coach while the 3-and 4-year old groups will be 8 skaters or less to each coach. Hockey skates are acceptable through Basic 5. After Basic 5, a skater can move into a Youth Hockey program or stay with this program to develop figure skating skills. Parents are not allowed on the ice with the students unless taking a lesson during the adult class. No hockey sticks or pucks are allowed on the ice. Skaters are given a 5-minute warm up followed by 45 minutes of instruction. The last class of the series is used as an evaluation day and skaters are able to earn badges with each level mastered. **Badges are available for purchase for \$2 at the conclusion of each series.** Each skater is evaluated in order for the coach to decide if the skater will advance to the next level should they return for another series of classes. Skaters may also be moved up a level during their current series of skating. Please note that there may be more than one badge level within each group.

The MVSC Learn to Skate USA programs run continuously throughout the year for skaters age 3 and up. **Pre-registration is mandatory;** reservations will not be taken over the phone. If you are unsure of your skating level, you may pick the class time that you want and the Director will update your info after reviewing the evaluation results from your last series skated. You will receive a confirmation email when your application and full payment are received. Spaces in class are unfortunately not able to be held for skaters. Classes are taught by the MVSC professional coaching staff. All coaches have successfully completed a comprehensive background screening process through the National Center for Safety Initiatives. **Parents are expected to remain in the rink during all classes.** If you need to leave however, we ask that you place another parent in charge of your child and notify the instructors that you will be leaving.

Equipment Policy

Double runner blades are not allowed. Plastic and/or self-adjustable skates are not recommended. All skates should lace up completely (such as Riedell figure skates and Bauer or CCM hockey skates). **Skaters age 6 and under must be wearing helmets.** The rink does not provide helmets. Any returning skater under the age of 6 who is beyond Basic 2 will have the option of not wearing a helmet but only at the discretion of their parent/guardian. Hockey helmets are strongly recommended however a bike, ski, lacrosse, or skateboard helmet is acceptable as long as it fits tight to the head. Full hockey gear, elbow pads and knee pads are not necessary. Skaters should be dressed warm and hands should be protected with gloves or mittens.

Checks will not be cashed until we reach our quota for class. We reserve the right to cancel a class depending on enrollment. You will be contacted with any changes, if necessary. **There will be no refunds or make-ups given due to your own cancellations or conflicts.** If class is canceled due to a snow storm, we don't make-up the class.
