2GIG Edge Security & Smart Home System Control Panel with Built-in 4G
LTE Verizon

2GIG eSeries Wireless Smoke & Heat Detector

2GIG Wireless Carbon Monoxide Alarm

2GIG Wireless Panic Button Remote

This system is perfect for the basic home safety with a Smart Home System Control Panel, 1 Smoke & Heat sensor, 1 Carbon Monoxide Detector, and 1 Wireless Panic Button. This system can have additional sensors added for an additional cost. Along with this panel an alarm.com subscription is needed for remote monitoring, which also allows the control panel to receive severe weather alerts. As an authorized alarm.com installer, we can provide all installation and services needed.

For an additional cost, you can add on professional monitoring services to get quick emergency personnel when needed at yours or your loved one's home.

The price listed for this system is for the customer to self-install this wireless system. For an additional cost, this system can be installed by a professional.

Sale $618.99 plus tax
Alarm.com subscription $10.99 plus tax per month
