Wonderful summer activities

# SUMMER 2020

Lapland is a great destination also during the snow-free period for those who love the outdoors and an active life. The landscape changes dramatically from season to season as do the different opportunities to do and move around in nature. Our beautiful huskies want to meet new people all year round, pampering and cuddling is always welcome! The husky farm has a lot to do. Something for everyone then you just wanted to admire these beautiful dogs, walk with them in wild or experience the fascinating speed with a cart ride, yourself driving!

## EVERY DAY
