Tips From

An Exelon Company

Regarding Winter Readiness

“At Delmarva Power, we are committed to providing safe, reliable, and affordable service for our customers and communities. With winter approaching, we encourage you and your community to be ready for the severe weather winter can sometimes bring.”

“Being prepared is a responsibility everyone should take seriously.”

“Visit delmarva.com/mobileapp to download our mobile app, which has many resources to keep customers informed during a storm. More tips, resources and safety information are available at delmarva.com/storm.

- Review your emergency action plans. Know what actions you will take during a power outage or winter storm
- Identify a safe alternate location for personnel in case of an extended outage
- Test your equipment. If you have a generator, you should test it regularly
- Protect critical or sensitive electronic equipment with an uninterruptible power supply (UPS) for temporary backup power
- Plan a manual backup for work done on computers
- Ensure electronic door locks can be bypassed manually
- If you have an emergency lighting system, make sure it's in good working order
- Visit delmarva.com/mobileapp to download our mobile app, which has many resources to keep you informed during a storm
- Visit delmarva.com/storm for more tips, resources, and safety information”

If a severe storm hits, monitor local weather reports regularly and follow the advice of local emergency management officials. Know that we follow a strategic response to restore service to the greatest number of customers first and will work to restore your service as quickly and safely as possible. Customers are asked to immediately report a downed wire or service issue by calling 800-898-8042, visiting delmarva.com, or through our mobile app. By preparing together now, we can be ready for whatever winter may bring.”
