As directed by Ordinance #03-2011, the Town of Trappe established a Residential Rental Registration and Inspection Program.

It is unlawful to rent out a unit without first obtaining a Residential Rental License from the Town of Trappe. Licences will now expire on June 30th of every year. Application renewals will be mailed in the beginning of May. Rental unit inspections will be conducted every other year.

Owners of rentals built prior to 1950 are encouraged to contact MDE for info on lead paint registration requirements via telephone (1-800-776-2706) or web (www.mde.state.md.us/lead). Rental registration with the Town does not release property owners from compliance with lead paint law and other applicable regulations.

All rental units, occupied and unoccupied, must be registered. There is a \$25.00 registration fee per unit. Please complete this form and return it to the Town Office **no later than May 1, 2020**.
