Jordan Fisk and his son, Bentley! Our new Donations and Food Coordinator!

Jordan and Bentley Fisk have been volunteering at HCFP for about 4½ years now. He said it's important to give back to the community and is instilling those same traits in his son Bentley. Having been with the pantry for so many years, he was an obvious choice for our new Donations and Inventory Coordinator as he already knew much of the job! He's doing amazing and has already made so many connections in our community. He said, "I want to reach out to folks for donations to the pantry and make your job easier" He's also having

Bentley earn school credit in helping. His kindness and amazing work ethic is greatly appreciated by all those who know him. You can reach Jordan at 907-435-1616. *Beautiful dog is Rio

A Special Thanks to...

*Greg and Cinda Martin for their donation of a whole pig!

*Tim Steinber for his moose meat donation.

*McNeal Canyon Meats for their surplus meat donations.

*All the frequent donors, Richard Leier, Sons of the American Legion, David Collet-Paul, Michael Stegman and so many more!

Hoping you saw the news article last week for ALL who support us!

It is with great sadness that we bid adieu to Marc Cohen, our main cook these last several months. Marc showed up one day and said he had worked with non profits in Colorado and was interested in helping out at the pantry. Before he knew it, he was our main cook for the volunteers as well as stocking the free fridge with his homemade breads, granola and meals. Not only that, but he also filled the freezer at the Haven House with dinners! What a beautiful example of compassion and caring for others. In more ways than one, *like manna from heaven!* *Marc, you will be missed!*

Providing food and emergency assistance, with compassion, to those seeking our services.
