

# The Pantry Door

Published monthly by the Homer Community Food Pantry – December 2022

## So Grateful...

Orion Donicht and Laura  
McBride

**Alice's Thanksgiving Market** was initiated by Metis Quoi. Not only was it a pop-up artist show, but it was a canned food drive as well! Laura McBride is shown with Orion Donicht receiving the monetary donations that were also generated from this event.

**Alaska USA** presented HCFP with a \$2,000 dollar check! We so value you and your generous support to those in need in our community.

A huge THANKS to, **South Peninsula Hospital, Uncle Herbs, Homer Axe House, Kharacters & Mike Illg.** You all so generously donated to our canned food drive for this season of giving! We are humbled.

## Homer Animal Friends

We want to extend a warm paw out to the Homer Animal Friends. In conjunction with our Homer Community they have donated over 1,200 lbs of pet food through November and we still have December! We all appreciate you!

Cathy and Cedar

## The Great Pumpkin Pantry!

Little Fireweed Academy

West Homer Elementary

As a fall canned food drive we launched **The Great Pumpkin Pantry** in the Elementary Schools. Little Fireweed choose to hand deliver their food cache to the pantry along with a fieldtrip to learn the set-up of the pantry and help sort their food items. West Homer and Paul Banks also got into the spirit of things and contributed to our canned food drive. Spooktacular job and thank you!!

## Fall Fundraisers!

### *It Takes a Village!*

We are truly blessed to live in such an incredibly generous community! This fall numerous potters donated 73 bowls for the Empty, Empty Bowl event hosted by Sherry Stead. The following evening Bruce Robinson, a woodsmith, presented at the First Friday Art Show and shared his proceeds with the HCFP. The combined proceeds exceeded \$4,000. Thanks to these creative potters, Sherry and Bruce! You ARE appreciated!

*Providing food and emergency assistance, with compassion, to those seeking our services.*
