## Statistically Speaking...

\*In March we served about 832 check-in clients, representing 1,647 people, and 1,841 if you include Nanwelek and Port Graham. \*We gave out 4,995 cans of food. About 31% was donated thanks to a private doner. \*Monday numbers were higher by 11% from last March. \*Overall demand for canned food was 61% higher, with a substantial increase in protein, entrees and fruit. \*We are serving more clients and they are taking more food than a year ago. \*We try and stay within a budget of \$2,800 a week, but with the increase in food prices we are exceeding this goal and chances are, the costs will continue to rise. We try and order as much as possible from KPFB as their prices are substantially lower. The demand is up everywhere. We certainly couldn't do what we do without our generous donors, stores and volunteers! ~Together we hope to prevail!~

## A Special Thanks to...

~Homer Real Estate Associates for closing donations  
~Pastor Duane Hansen of Saint Augustine's Episcopal Church  
~Homer Kachemak Bay Rotary Club

## We are in need of...

\*A morning cook to make the main meal for our 25-30 volunteers. We have prep cooks, but need a main dish person.  
\*We are excited that Beth and Kurt will be taking over our little garden. They could use some weeders or helpers.  
\* Pick-up drivers / Free Fridge Stockers  
\*Can always use egg cartons!  
We no longer need containers or boxes!

## The Luck of the Leprauchans!

Jenny, Sarah, Heidi, Karen and Mike were ready to shake their shamrocks as they greeted clients as they came to the pantry on the week of Saint Patrick's Day! >

~the shenanigans continued!  
Debbie and Jenny were happy to check folks in and hand out protein, eggs and Two Sister's bread! We are very fortunate to have 2 or 3 donors who provide eggs on a regular basis!

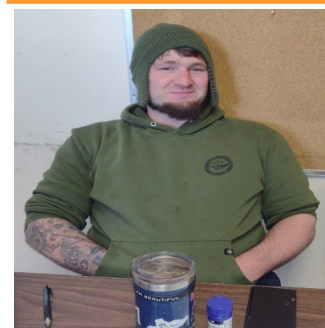

Laura, Cinda and Ralph also thought that... *Green Was Keen!* So fun!

- \* Help with Medicare Life Line Phone
- \* Home visits and walk-in visits in AP and Homer First Tuesday of the month.
- \* Call/Text Annette @ 907-740-3330 for info.
