case law: us v minker, 350 us 179 at 187(1956), supreme court of the United States 1795 states:
"inasmuch as every government is an ARTIFICIAL PERSON, an abstraction, and a creature of the mind only, a GOVERNMENT can interface only with other ARTIFICIAL PERSONS. the imaginary, having neither actuality nor substance, is foreclosed from creating and attaining parity with the tangible. the legal manifestation of this is that no GOVERNMENT, as well as any law, agency, aspect, court, etc. can concern itself with anything other than Corporate, ARTIFICIAL PERSONS and the contracts between them."
