There are several potential issues with the IRS electronic system that have been brought to our attention that we would like to let you know about. As you are going through the steps, please be aware of the following issues:

- Every time you are asked to enter a name, **the name should be entered entirely in lower case letters with no middle initial.** Furthermore, the name that you enter in Step 1 must match the name entered in Step 10.
- Step 6-You must select **Manage Form 990-N Submissions** even if you have filed your 990-N electronically in previous years.
- Step 7-You should choose **Exempt Organization** in the "User Type" field.
- Step 11-You will have to fill out both your Organization's (your Lodge or Temple Board) legal name **and** the DBA Name. Unless you have a separate DBA, these should be the same. At this point another screen will come up and you will have to put in the officers names and other information regarding the Corporation.
- Step 12- **You must click on the word PRINT in the bottom paragraph to print a copy for your records (you can also do a screen print). Once you leave this page, you will NOT be able to return to print your filing. Make sure BEFORE you print this page that you have refreshed the page and that the filing status changed from pending to accepted (see Step 13).**
