

**Member Benefit Policy  
Adopted March 2026**

Current members of the SFWC&LA who have paid annual dues for a minimum of two consecutive years are entitled to reserve one four hour block of time per calendar year without charge. Lifetime members are eligible for the member benefit only upon their second year of membership. It must be used for an event sponsored by the member or a group with which the member is personally affiliated. The date and time requested must be approved by the building manager to ensure the space has not been previously reserved for another event.

A standard club rental contract must be signed and the required security deposit paid in advance. The member or group must provide proof of liability insurance with a \$1,000,000 per occurrence limit and include Santa Fe Woman's Club as additional insured.
