

# Rubber Fab's Silicone Hose Offering

Silicone hose is used in a wide array of applications due to its flexibility, temperature range and that it can be non-toxic. Rubber Fab's high purity platinum-cured and peroxide-cured silicone hoses are clean room produced for critical pharmaceutical, medical, cosmetic and food applications. Most hoses are in stock, including 4-Ply. Consult factory for availability.

## RFSB

Smoothbore platinum-cured silicone hose with braided reinforcement

**Temperature:** -100°F to 350°F

**Sizes:** 1/4" to 1"

## RFSBX

Medical grade smoothbore peroxide-cured silicone hose with braided reinforcement

**Temperature:** -80°F to 350°F

**Sizes:** 1/4" to 1"

## RFSBHP

Smoothbore platinum-cured high pressure silicone hose with double braided reinforcement

**Temperature:** -100°F to 350°F

**Sizes:** 1/2" to 1"

## RFS4P

Smoothbore platinum-cured silicone hose with 4 ply reinforcement

**Temperature:** -100°F to 350°F

**Sizes:** 1/2" to 1"

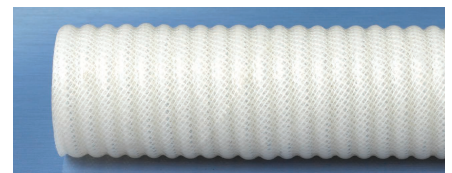

## RFSV

Smoothbore platinum-cured silicone hose with wire reinforcement

**Temperature:** -100°F to 350°F

**Sizes:** 1/2" to 4"

## RFSVOC

Smoothbore platinum-cured silicone hose with wire reinforcement and silicone outer convoluted cover

**Temperature:** -100°F to 350°F

**Sizes:** 1/2" to 4"
