FACTS ABOUT WSOB

- We are NOT a terrestrial station regulated by the FCC, but we sound like one. We have dayparts, station ID's, promos, ads and DJ liners. Every songwriter's dream is to HEAR THEIR SONG ON THE RADIO AND SHARE THAT EXPERIENCE WITH FAMILY AND FRIENDS! WE GIVE THEM THAT OPPORTUNITY!
- We are exclusively online (only in the U.S. for now) via our distributor Live365 Radio.
- We officially went on the air Halloween night at 5 PM EST. Since then we have attracted thousands of listeners (yes - we started with family and friends). We have built an impressive music library, as well as developed special programming.
- We now have over 40 contributing independent songwriters from across the United States.
- We now have almost 200 tracks available in our 24/7 rotation - all of these are original songs. And we play an incredible mix of music genres! We are NOT a one trick pony country station. We are NOT playing hits, covers, oldies, etc. We believe our VARIETY of music is our key!
- Our holiday programming (from 11/28- 12/25) was a joy! We had 15 NEW and ORIGINAL Christmas songs!
- In 2026 we are adding more new songs to our rotation daily, plus two new programming blocks coming in February - "Over Easy" (easy listening cuts in the mornings) and "Power Lunch" (light rock tracks during middays).
