claim of honourable immunity with due process.

For the very nature of sovereignty is self initiated and self authenticating.

For the Maxim of the Equity -
“IN COMMERCE FOR ANY MATTER TO BE RESOLVED IT MUST BE EXPRESSED”

We bring your attention to important facts about our ex-is-tence in this reality, within which all
mankind and we all share life, breath and living community.

For our Health and Well Being,
For our Homeostasis and Equanimity,
For our own Physical, Psychological, Emotional and Spiritual protection,
For our Name, our Honour and Reputation – our most valuable possessions,
We all require being master and commander of our life, our destiny and our identity.
We all require to have available our open-honest-ethical-honourable-correct and in the fact papers.

Our standing is with our contractual obligations with
Creator as our witness, to our private membership association, in natural law, law of nations and

We as fellow living souls inhabiting human form are all Sovereign with out subjects,
We are with the Sovereign Integral State as our plenipotentiary State of Mind, State of Nature and
State of Being.

As sovereign nothing may be foisted upon we all with out our agreement,
As sovereign We have supreme, absolute and uncontrollable authority.

Our authority is the age old, timeless and universal respect for the intrinsic power, property and
responsibilities of the Sovereign Integral.

Our authority is the lore of law to do unto others as we would them do unto us.
Our authority is our choice to invoke, provoke and inspire to do good and not evil.

Our authority is our choice to comply with mutual respect, which serves to bring peace, balance, rhythm, harmony and integrity to life and community.

Our authority is the responsibility we accept as a co-creator in the creation of our world and our own personal, unique, individual life adventure.

Our authority is our choice to express unconditional respect to every living soul.

Our authority is the mindfulness and care we apply to the creation of our attitudes, opinions, thought processes, choices, desires and feelings.

Our authority is our collective duty to correct and heal the sovereign integral stewarding of our collective social body.

Our authority is our staking our claim as the sole possessor of our living soul and executor and beneficiary of the inheritance/trust/estate granted we all by the creator and held in trust by the trustees [the fellow living souls serving the organs of church and state] who serve in All corporations of our collective social body.

Our authority is our being self determined

Our authority is our attitude

Our authority is our inherent divinity. Self determination

Our authority is our capacity to Love

which when understood from the perspective of the practical and pragmatic Toltec Wisdom Tradition suggestion is simply 'intelligent co-operation'

We exist in a mystical universe which is abundant in intelligence. There is the very obvious intelligent design of all nature and its self sustaining intelligent permaculture expression. From microscope to telescope and all in between is an astonishing display of intelligence in this living now time moment.

Then there is the intelligence of our universe which may be explained in an infinite array of descriptions. Within it all the intelligence found may be co-operated with intelligently and therefore in regard our Toltec Wisdom Suggestion is our Love capacity.

Our intelligent co-operation with the unfolding of life and commerce with others may not necessarily present situations we are liking, but to co-operate intelligently has us operating in alignment with the ethereal nature of love.

In wearing our awareness in the attitude of being a witnessing judge we may assess our commerce with other and others with the symbol of the scales of justice.

Our symbol of the scales represent the measure of honour in commerce. The highest fidelity of honour in commerce is unconditional love, the most 'Creator-like' commerce we may experience or express. Most of we all are able to know this experience from our mother's and our family/tribes love-scape.

Grace is the next octave of honour in commerce and is our capacity of Unconditional Acceptance.

Conditional Acceptance is the next octave of Honour in Commerce which is through discussion and negotiation we reach agreement.

By virtue of the fact 'I' , or any 'I', exist, we are due equitable access to this universe and its abundance.

We exist independent to All foreign States, and any of their constitutions, laws, statutes, ordinances, regulations, rules, codes and public policy, are private copy written material.

We do not possess license, or have authority to use such copyrighted material and consequently this material does not have any authority over our property, personal affairs or we.

As Sovereign we rule autonomously and are not subject to any entity or jurisdiction other than the contracts we have entered knowingly and willingly.

The only law a just-steward government may create in service to we All, is to have the flow of the commerce of our shared human commonwealth, to be shared efficiently and honestly with in our living communities and within and between our states.

Governments do not have authority to implement its laws against Sovereign States except for the contracts entered into knowingly and willingly.

We rescind, revoke and cancel any action or debt, or any other undisclosed implications against our identity, that have been incurred through any tacit or implied agreements entered by virtue of the private necessity to become the authorised possessor of a birth certificate, drivers license, tax file number, passport, customer reference number or any other government/corporation/third party form or license.

We have complete Sovereign Integral Immunity and therefore our power to contract or not is unlimited.

Our power to contract exists with our capacity to make soul cannon oath contract with other living souls, to make living man and woman flesh and blood contract in the private juris-diction, and to make dead-person/corporate contract with dead-corpse-oration entities as per the affixed fee-schedule.

Our Word is our Lore of Law.

As a Public Minister and Emissary of the divine, our mission is to establish our Corpus Juris Unum in peace, balance, harmony in all commerce of will with all fellow members of creation with whom we are to connect. Our mission includes any and all family/ tribe and friends (Mission Members) domiciled with any of we as Foreign Neutrals and are neutrals opposed to any civil unrest or declared or undeclared war in any form. Our duties include promoting and preserving the protection of innocence in all its forms. Our duties are to negotiate and gather information, to awaken enlightenment, ascension and sovereignty with our fellow man and woman and to assist the Aquarian decentralization of the ailing 'system' into wholarchy and to participate in our collective duty to correct and heal our species.
