

Camera Rochester Scoring Guide for Judges

You can expect all photos entered for competition to be good or better. These are your guidelines for judging the higher quality of these images.

General Category photos can be any subject and it's OK if we don't know what it's a photo of.

Scoring guidelines for General Category photos:

Score 1 - A good image

Score 2 - A good image with some special interest and thought

Score 3 - A very good image with a fresh viewpoint, well presented

Score 4 - An excellent image which shows freshness and imagination

Score 5 - A truly exceptional image which dazzles you

Creative Category photos are about creating art with some photographic elements. It doesn't matter at all whether or not the image looks like a photo.

Scoring guidelines for Creative Category photos:

Score 1 - A good image, not much creativity

Score 2 - A good image with some creativity

Score 3 - A very good image with creative, fresh ideas

Score 4 - An excellent image with a high level of creativity

Score 5 - An exceptional image with dazzling creativity
