

Healing Roots Therapy is accepting Psychotherapy Interns!

We are looking for a M.A. Candidates that can work from our Mississauga location (403 and Hurontario) and/or remotely.

The ideal candidate can work with **individuals, couples, and families**. Candidates that do not offer all three are still encouraged to apply.

Interested applicants must currently be enrolled in a Master level counselling/psychotherapy/mental health program and in the process of applying to the CRPO for RP(Qualifying) in Ontario.

Psychotherapy Interns are **required to obtain an external supervisor**, that is fully registered with the CRPO and has met the CRPO requirements to provide supervision, to oversee and supervise the client load that will be provided during their practicum placement here at Healing Roots Therapy (Unfortunately at this time none of the directors here at Healing Roots Therapy are providing supervised practice for interns).

We are also looking for candidates who are comfortable supporting 9-13 clients on a weekly basis. Interns are also expected/required to obtain an additional personal liability for telehealth if their institution does not cover telehealth services that are provided off-site (e.g. from home).
