

balancing work + childcare under one roof

## Be Utah's top employer with an Onsite Nanny Program

WWW.JUGGLE.SPACE

## No Cost to You

By leveraging a state grant, there is no financial burden on your company. Juggle LLC handles everything, from setup to ongoing operations, at no cost to you.

## Quick Launch

With grant funds needing to be spent by September, the implementation of Juggle LLC at your company will begin immediately. This fast-tracked process ensures the childcare facility will be up and running, ready to support your employees by the latest, Fall of this year.

## Extra Office Space?

All we ask is for your company to donate the space for the childcare. Juggle LLC takes on all responsibilities, including liability as a licensed daycare provider. **This minimal commitment from you can make a significant impact on your employees' lives.**

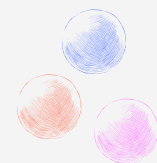

### CUSTOMIZABLE OFFERINGS

Decide whether to offer childcare exclusively to your employees or open it up to the community.

### EMPLOYEE BENEFITS

Choose to provide discounts to your employees, cover childcare costs in full, or explore other flexible options tailored to your company's needs.

## Let's Partner!

**We are picking 1-2 Silicon Slope Tech companies to partner with for Utah's first Juggle.**

The grant application deadline is June 30th, and we need a contract in place by June 25th. Let's discuss details ASAP.
