How have previous funds been used?

Proceeds from the past five concerts have allowed the Ashland Rotary Club to distribute over \$45,000 to fund 35 Community Building Leadership Grants that have provided many extraordinary experiences to Chequamegon Bay area students who planned and carried out many projects themselves, helping them learn valuable lessons in leadership and community responsibility.

Mission

The Ashland Rotary Club promotes servant leadership for vibrant, caring communities and a better world.

How will contributions be used?

The funds raised this year will be used to help us in creating the Ashland Splash Pad to be installed at the Railyard Park centrally located.
