F Pacific Blue Ultra™ Paper Towel Dispenser The automated dispenser features motion activation and touch-free dispensing, and the mechanical dispenser features a no-touch hang mode. Both dispensers offer one-at-a-time, enclosed dispensing, so you only touch the paper towel you use. That helps cut down on germ transmission, and helps reduce waste. Dispensed towels are cleaner and more hygienic than stacked folded towels, and help cut down on maintenance. Unlike with folded towels, customers can't grab stacks of dispensed towels, so they're less likely to end up all over the floor. Both dispensers use the same paper towel refills, so they're a considerable value for the price. And refills for both dispensers are available in 3-roll and 6-roll cases, which helps control costs and maximize storage space. This dispenser's long-lasting paper towel rolls help reduce maintenance calls and run-out, and help you save money. Built to handle heavy usage. Your restroom is a reflection of your business. And incredibly, one-half of all customer complaints are restroom related. All the more reason to put your best restroom forward. Part of an entire family of high-quality products that give restrooms, breakrooms and workspaces a coordinated, clean, elevated image. Pair with Pacific Blue Ultra paper towels, soap dispensers, soaps. Manufacturer's limited five-year warranty.
