B Reveal Multi-Fold Towels Maintaining a clean restroom is a daily challenge especially when you have to contend with water splashes and sprays on floors and countertops. This efficient system solves the problem by providing soft and absorbent, user preferred towels right at the sink where they are needed most. Ideal for office buildings, high-traffic areas, lodging and healthcare facilities; it features embossed brand towels which are an unmistakable mark of quality and care. It also has higher capacity for fewer refills and easy maintenance and features one-at-a-time dispensing that's smooth, quiet and virtually tab-free.

BUYING GUIDE

The right wiper for the right task!

Wipers are used in every cleaning application from personal care to equipment maintenance. Not all wipers are created equal. Different wipers are designed to be especially effective for certain tasks. Each is engineered with nonwoven substrates, weights, binders and colors in order to balance the different attributes required for optimal cleaning and productivity—strength, absorbency, solvent resistance, lint, wipe dry and hand feel. Just like a tool, matching the right wiper with the right task will make the job easier and more cost-effective. Boardwalk wipers—the right tool for any task.
