To: All Towne House Residents

The Cat Committee strongly urges residents NOT to feed the stray cats in our complex. While intentions may be good, feeding the cats disrupts the TNR Program we have in place.

This program began approximately a decade ago and has resulted in a humane decrease of the stray cat population in our community.

The cats living on this property have been trapped, neutered and given shots. You can decipher a fixed stray cat by its clipped left ear (the right side when you look at it). Instead of the ear coming to a point like a triangle, the very top is clipped off leaving a straight line.

These cats are fed by Cat Committee members in strict compliance with the rules of the Town of Hempstead.

PLEASE DO NOT FEED THE CATS!!!

If you are interested in helping the Cat Committee, please contact Shireen Starman 248-797-5578.

Sincerely,

The Cat Committee
