***This program is open to anyone from across Canada and around the World. Classes will be taught over the ZOOM app which can be used on computer, tablet or phone. Classes take place in 10 week sessions ending with an optional live performance at our studio in Brampton, Canada. The Live performance is not mandatory but gives students a chance to gain performance experience in front of an audience, for friends and family to come together and watch live and for dancers to meet their teachers and classmates in person. Those un-able to join the live performance can still join in and perform virtually.**
