

*The One Experience*<sup>™</sup>  
INC.  
2026 SPONSOR KIT

## Dear Partners & Supporters

Your commitment to The One Experience™ is more than an investment in our mission. It's a powerful affirmation of your belief in **the transformative potential of people and communities**. Through your generosity, you directly support our **better every day** mission, ensuring every individual, regardless of background, has the opportunity to thrive.

Your support fosters personal, professional, and spiritual growth, empowers those in need, and creates lasting change. As a champion of our work, **you catalyze community capacity** building, fuel our programs, and enable vital collaborations with agencies and leaders. These aren't just abstract concepts; they are tangible moments where **your generosity makes a real difference** for individuals and communities.

## How your generosity creates impact

- Provides scholarships to attend The One Experience™ 2026 for individuals experiencing hardships.
- Subsidizes group registration fees for non-profit, civic, and community-building organizations.
- Funds the development of new post-event programs that support attendees' personal, professional, and spiritual growth.
- Supports the creation of take-home tools, and other resources that empower attendees to apply what they've learned.
- Invests in the infrastructure that keeps the annual experience safe, welcoming, and intentionally curated for meaningful interactions.
- Drives year-round impact by supporting follow-up initiatives, community circles, and other pathway extension efforts.

## WELCOME TO THE ONE EXPERIENCE™ 2026

Delve into the heart of self-discovery at The One Experience™, an immersive gathering dedicated to guiding people of Faith on a path of profound self-exploration and reflection. This unique event is not just a meeting space, but a transformative journey for those seeking to uncover **deeper insights about their true selves**, their life's purpose, and to connect with like-minded souls – their tribe.

At The One Experience™, we will navigate the multi-faceted ways in which we have evolved into being *The One*. This exploration is pivotal, as it reveals how this evolution often propels us towards extremes – a state that can feel overwhelmingly heavy and burdensome, rather than light and in flow.

This gathering is so much more than a conference. It's a **sanctuary for recalibration and enlightenment**. It's an opportunity to become acutely aware of our existing habits and beliefs, and to realign them with what a fully integrated walk with God entails. It's about shedding the layers that no longer serve us and embracing a life of continuous growth and evolution – becoming the people of Faith we were already destined to be.

*Join us at The One Experience™ for a time of renewal, learning, and growth, creating a life that is in tune with our deepest desires and in sync with a higher, divine purpose.*
