# OUR *Growing* HOMESTEAD

## A LOOK BACK AT MAY ON THE FARM: GROWING BABIES, BUSY BEES & GREENER PASTURES!

Summer is settling in, and the farm is in full swing! Our spring babies are growing fast, the pastures are lush, and there's a buzz of activity everywhere you look—literally!

🐣 **Feathered Flockmates:** Our young chicks have feathered out beautifully and officially joined the big flock. They're learning the pecking order and fitting right in—full of energy, curiosity, and a little sass.

🐑 **Lambs on the Move:** The lambs are growing like weeds and starting to wean from their mamas. They're exploring more on their own, stretching their legs across the pasture, and developing their own sweet personalities.

🐷 **Piglet Playground Expansion:** The piglets are thriving! We've expanded their foraging area, giving them more room to dig, root, and explore. They're loving the extra space—and keeping us on our toes with their mischief.

🐮 **Sir Loin's New Normal:** Sir Loin has embraced life as a big cow now that bottle time is behind him. He's settled in well and seems to enjoy supervising the younger crew from his favorite shady spot.

🐝 **The Bees are Buzzing!:** Our hives are humming with activity—the honey flow is on! The bees are busy gathering nectar and pollen from the blooming fields, and the hives are filling up fast. It's a sweet season for our little pollinators, and we're hopeful for a bountiful honey harvest later this summer.

🌻 **From lambs to layers, piglets to pollinators, the farm is alive with growth and gratitude. Thank you for being a part of this journey—we're so glad to have you along for the ride.**

With love,  
Mimi & Poppy
