

Credit Strong can impact 90% of a consumer's FICO Score

Payment History

Monthly payments starting as low as \$15/month make establishing a responsible payment history affordable for almost anyone.

Amount of Debt

Account sizes from \$1,000 to \$18,000 allow consumers to add an impactful tradeline to their credit profile, without negatively impacting utilization.

Length of Credit History

With account lengths from 12 months up to 120 months consumers can increase their average length of credit history.

Credit Mix

A Credit Strong account adds an installment account to a consumers credit profile, complimenting any credit card revolving accounts they may already have.
