

ROMAN SHADE

- Roman shades are limited to a maximum width of 120" and height of 144"
- Roman shades wider than the standard fabric width will have to be railroaded (turned width for length) when possible. When railroading is unavailable, 2 separate shades or 2-on-1 shades is recommended.
- Roman shades that are in the same room must be specified at the time of order to ensure the fabric is cut from the same roll of fabric when possible.
