**HANDCRAFTED LUXURY FOR THE HOSPITALITY INDUSTRY**

*Bringing Your Designs to Life*

## ABOUT US

Maison Hospitality Furnishings provides custom-built, luxury case goods, upholstered furnishings, and seating for the hospitality, senior living, restaurant, and gaming industries. We combine 25 years of contract furniture manufacturing experience with a wholly-owned factory in California and a team of partner factories in China and Vietnam. Our clients include leading design firms, procurement companies, hospitality management companies, ownership groups, and hotel flags with a need for luxury, contract-grade furnishings for public space and in-room projects.

Maison has teams of dedicated hospitality professionals both in California and Asia, including project managers, engineers, quality control managers, and support personnel, allowing us to provide hands-on control of the design, engineering, and production of your furniture products. Projects ranging from side-alone statement pieces for public space areas to thousand-room installations are all handled by our team of experts.

## OUR POINT OF VIEW

We are visionaries.

At Maison Hospitality Furnishings, we don't just execute your project specifications; we bring your designs to life. Merging your design vision with our custom capabilities, quality craftsmanship, and ability to translate your design into reality. You bring us your outstanding designs; we will develop them with passion and expertise.

Maison Hospitality Furnishings are committed to providing the best in quality and value in custom furniture and case goods, products with durability and longevity, every detail is made with care and precision. From you - to us - to the guest. We do not outsource and we do not compromise. You can count on us.
