How-to-use:

Open the Slim Shield™ Wallet by sliding the two sides of the wallet apart and pulling them away from each other. When open, place the cards into the top opening of the Slim Shield™ Wallet.

How to access a card:

Press upon the cards within the half-circle indentation located on the underside of the wallet to reveal the cards.

To remove one of the middle cards:

- Press on the half-circle indentation so the cards are sticking slightly out of the top
- Pull all the cards out about half way
- Slowly fan out the cards on one end to select the card you want
